### Chairman's Statement

Dear valued Shareholders,

Looking back at the year that has just passed, the Company has braved the waves in the great tide of the times, demonstrated its responsibilities in serving broader societal goals, achieved remarkable results in the process of transformation and development, and pooled strength under the leadership of Party building. By accelerating innovative, open and green low-carbon development models, it has cultivated new momentum for transformation and upgrading while inspiring pragmatic and responsible actions. These efforts have propelled the enterprise to take solid strides in high-quality development, culminating in substantial achievements that mark its 2024 milestones.

This is a remarkable achievement that has profound implications. The Company exerted all its efforts to focus on operation and gather momentum, leading to a stable and positive trend in production and operation. Despite the volatile business landscape, the Company maintained its strategic focus, closely adhered to the theme of high-quality development, targeted the annual goals with all its might, and ultimately withstood the impact of multiple unexpected factors. Therefore, the operation of its main business improved in quality and efficiency and advanced towards intelligence. The emerging industries tapped into potential and explored new frontiers, advancing with strong momentum. The main indicators bucked the trend, and all targets were fully achieved. From the deepening and optimization of value-added services in the "expressway + tourism" model to the incremental growth of external market of "transportation + building materials", from the efficient application of the province's first "expressway QR-code emergency reporting system" to the full-scale mining of Qinglongshan I Mine with an annual output of 1.8 million tons, from the commencement of construction of the Smart Transportation Industrial Park (Phase II) to the successful landing of the Wind Power Hybrid Tower Project. Every step bears witness to the solid progress of Qilu Expressway in deepening transformation and upgrading, and every effort demonstrates Qilu Expressway's mission and responsibility to actively create value for society, shareholders and employees!

This is a remarkable achievement that reaches great heights. The Company spared no effort and dashed forward bravely to ensure a successful conclusion, and key projects were completed and opened to traffic. The Company launched a full-scale battle for the completion and operation of the entire Jihe Expressway R&E Project. Starting in spring, advancing in summer, and reaping the rewards in autumn and winter: at the end of September, the Changqing section was first completed and opened to traffic; at the end of October, the Pingyin section and Dongping section welcomed two-way traffic; in November, the Daqing River Bridge, being the critical determinants of the project, achieved full closure; on 20 December, the entire "two-way eight-lane" expressway was fully opened up, and the "first reconstructed and expanded zero-carbon expressway in the country" made a magnificent appearance. This major provincial implementation project, which took more than three years of preliminary work and construction, has now been successfully completed by the Company! This major north-south transportation artery running through four cities and nine counties in the province is now bursting with new energy to boost the high-quality development of the economy and society! This supreme honor of building roads for the people will always inspire us to achieve new successes and make new contributions on the new journey!

### Chairman's Statement

This is a remarkable achievement that covers wide breadth. The Company strived for excellence and strengthened empowerment to improve quality and efficiency, and achieved fruitful results in enterprise management. The Company adhered to making all-round efforts and coordinating various aspects in a collaborative way. Through innovative initiatives and generation of efficiency, it activated "a pool of spring water": All 900 million domestic unlisted shares were converted into overseas listed shares and achieved full circulation; the Company won multiple industry awards for governance and ESG management of listed companies, such as the 19th "Golden Roundtable Award (金鳳桌獎)" for listed companies in China; the Company maintained an overseas credit rating of Baa2 for three consecutive years and was rated as a high-level domestic AA+ credit rating among companies of the same size in the industry for the first time; the assembly company successfully passed the national "high-tech enterprise" certification; the Jihe Expressway R&E Project was selected as one of the top ten projects for energy conservation in key fields of the province; the nationally leading Qilu Expressway Safety Experience Base was built with high standards. Each piece of honorary news of victory, each masterpiece created with great craftsmanship, and each achievement of new-type productive forces are all indicating to us that a future rooted deeply and growing upward will undoubtedly be even brighter!

This is a remarkable achievement that is full of warmth. The Company consolidated its foundation, gathered strength to write a new chapter, and rejuvenated under the leadership of Party building. The Company resolutely shouldered its political responsibilities, and promoted the integration of Party building with its central work. It comprehensively and deeply studied the spirit of the 20th National Congress of the Communist Party of China (CPC) and the Third Plenary Session of the 20th CPC Central Committee, driving high-quality Party discipline education to greater depth and ensuring its successful conclusion. The "Intelligent and Beautiful Qilu • Expressway Pioneer (智美齊魯·高速先鋒)" Party building brand cluster has gained momentum, while innovative initiatives such as "Secretaries Focusing Integration (書記抓融合)", "Qilu Red Chain (齊魯紅鏈)" and "Dual Learning and Dual Promotion (雙學雙促)" have injected new energy and vitality into the integration of Party and business work. The staff sports meeting showcased the spirit of Qilu Expressway employees, namely "Faster, Higher, Stronger – Together". Volunteer services and social public welfare activities have been widely carried out, and the development of a "united, progressive, happy and harmonious" enterprise has been progressing steadily. A clean, positive, and dynamic atmosphere for entrepreneurship is increasingly flourishing in Qilu Expressway. The political advantage of high-quality Party building leading the high-quality development of the enterprise is becoming more prominent and distinctive in Qilu Expressway!

### Chairman's Statement

As 2025 is the concluding year for the implementation of the 14th Five-Year Plan, the inaugural year of the "two-way eight-lane" operation of the Jihe Expressway, and also the year marked by the profound advancement of industrial transformation, upgrading, and the rise of incremental growth, the Company will seize every moment and forge ahead through difficulties in the surging tide of the times during the year, striving with determination and perseverance toward the vision of becoming a "domestic first-class comprehensive expressway service provider" with core competitiveness. To this end, we will continuously pursue higher goals, embrace changes for innovation, integrate with digitalization, and promote green development, thereby writing a new chapter of high-quality development that achieves higher standards, greater efficiency, and enhanced sustainability on the new journey.

Qilu Expressway Company Limited Chairman Wang Zhenjiang

26 March 2025

#### Note:

(1) As a result of the acquisition of the Deshang and Shennan Expressways Toll Collection Rights by the Group which has been accounted for as a business combination under common control, for the purpose of illustration, the Group has restated the 2019 comparative amounts of the consolidated statement of profit or loss and other comprehensive income by including the operating results of the Deshang and Shennan Expressways and eliminating the transactions with the Deshang and Shennan Expressways, as if the acquisition of the Deshang and Shennan Expressways Toll Collection Rights had been completed on 1 January 2019. The consolidated statement of financial position, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group as at 31 December 2019 were also restated to include the financial data related to the Deshang and Shennan Expressways Toll Collection Rights. However, no such restatement has been made to the consolidated financial statements of the Group for the two years ended 31 December 2018.

#### FINANCIAL REVIEW

#### **Operations**

The Group's principal businesses comprise (i) the construction, maintenance, operation and management of the expressways (including the Jihe Expressway and the Deshang and Shennan Expressways); and (ii) highway engineering construction, expressway maintenance, municipal greening and other construction engineering work, and sales of industrial products and other businesses.

The Group continued to actively expand its business during the Reporting Period. During the Reporting Period, in addition to toll income from expressways administered by the Group, the Group recorded engineering service revenue through construction engineering work such as highway engineering and expressway supporting facilities undertaken by its subsidiaries, and recorded sales revenue through processing and selling industrial products. The Group also recorded certain service income from the leasing of the communication signal transmission pipelines and advertisement billboards along the expressways and the provision of advertisement publication services.

In addition, the Company actively carried out the R&E Project of the Jihe Expressway during the Reporting Period and the relevant work was progressing in an orderly manner. The Group recognised income from construction business through the R&E Project. For details, please refer to the sub-section headed "Business Review – Construction Business and Sale of Industrial Products" under this section.

#### Revenue

During the Reporting Period, the Group recorded a revenue of approximately RMB7,021,823,000, representing an increase of approximately 25.19% as compared with that of approximately RMB5,608,829,000 of last year. The increase in revenue was mainly due to the accelerated progress of the R&E Project, resulting in a 33.89% increase in revenue from related construction business and sales of construction-related industrial products compared to last year. Of which, the Group recognised revenue in the amount of RMB5,743,465,000 from the R&E Project of the Jihe Expressway pursuant to HKFRS 15 - Revenue from Contracts with Customers.

#### Expressway

During the Reporting Period, revenue from the Expressway Business amounted to approximately RMB1,044,796,000, representing a decrease of approximately 8.73% as compared with that of approximately RMB1,144,716,000 of last year. During the Reporting Period, the Group recorded toll income from the Jihe Expressway of approximately RMB510,135,000, representing a decrease of approximately 11.63% as compared with that of approximately RMB577,261,000 of last year. The toll income from the Deshang and Shennan Expressways was approximately RMB534,661,000, representing a decrease of approximately 5.78% as compared with that of approximately RMB567,455,000 of last year.

Traffic volume on the Jihe Expressway during the Reporting Period decreased by approximately 4.62% from approximately 39,000 vehicles per day of last year to approximately 37,200 vehicles per day during the Reporting Period. Traffic volume on the Deshang Expressway (Liaocheng – Fan County section) decreased by approximately 5.98% from approximately 58,500 vehicles per day of last year to approximately 55,000 vehicles per day during the Reporting Period. Traffic volume on the Shennan Expressway decreased by 8.33% from approximately 12,000 vehicles per day of last year to approximately 11,000 vehicles per day during the Reporting Period. The above changes in toll income and traffic volume were mainly attributable to the fact that the Jihe Expressway was closed for reconstruction and expansion starting from 16 February 2023; however, in January 2023 and the first half of February 2023, the expressway remained open for normal traffic, which led to a year-on-year decrease in traffic volume on the Jihe Expressway; meanwhile, the Deshang and Shennan Expressways experienced a certain degree of decrease in traffic volume due to the diversion of trucks caused by national and provincial highways. For further details of the change in traffic volume of the above expressways during the period, please refer to the sub-section headed "Business Review – Expressway Business" under this section.

#### Construction and others

During the Reporting Period, the Group's construction and other business mainly consists of revenue from the construction business and sales of industrial products relating to construction activities.

During the Reporting Period, revenue from engineering construction business and sales of industrial products relating to construction activities mainly originated from revenue from the construction of the R&E Project, revenue from the engineering construction business carried out by Shandong Gangtong Construction and the revenue from sales of industrial products carried out by Shandong Shunguang Industrial, Qilu Expressway Assembly and Shandong Gangtong Construction.

During the Reporting Period, the Group recognised revenue from the construction business and sales of industrial products related to construction of approximately RMB5,975,302,000, representing an increase of approximately 33.92% as compared with that of approximately RMB4,461,812,000 of last year, which was mainly attributable to the accelerated progress of the construction of the R&E Project leading to the increase in related construction revenue and the increase in revenue from the commencement of operation of Shandong Shunguang Industrial and Qilu Expressway Assembly. For details of the construction business, please refer to the sub-section headed "Business Review – Construction and Other Business – Construction Business and Sale of Industrial Products" under this section.

#### Rental Income

During the Reporting Period, the Group recorded the rental income of approximately RMB1,725,000, representing a decrease of approximately 25.03% from that of RMB2,301,000 of last year. The decrease was mainly attributable to the significant decrease in rental income as a result of the removal and replacement of advertisement billboards along both sides of the road following the construction of the R&E Project of Jihe Expressway. The rental income mainly represented the service income arising from leasing of the advertisement billboards along both sides of the Jihe Expressway of approximately RMB513,000 (representing a decrease of approximately 62.06% from that of approximately RMB1,352,000 of last year), and the rental income from the leasing of the communication signal transmission pipelines along the expressways and investment properties of approximately RMB1,212,000 (representing an increase of approximately 27.71% from that of RMB949,000 of last year).

#### Cost of Sales and Gross Profit

During the Reporting Period, the cost of sales and gross profit of the Group were approximately RMB6,281,233,000 and RMB740,590,000 respectively, as compared to those of approximately RMB4,796,845,000 and RMB811,984,000 of last year, representing an increase of approximately 30.95% and a decrease of approximately 8.79%, respectively. Gross profit margin of the Group was approximately 10.55% for the Reporting Period, representing a year-on-year decrease of approximately 3.93 percentage points as compared with that of approximately 14.48% of last year. Cost of sales of the Group during the Reporting Period were mainly incurred from the amortisation of intangible assets, staff costs, construction costs, and maintenance costs and provisions for the Jihe Expressway and the Deshang and Shennan Expressways. During the Reporting Period, the relatively large increase in the cost of sales as compared to that of last year was mainly due to the significant increase in costs associated with the construction of the R&E Project and the sale of industrial products. Whereas, the Group's revenue from the construction of the R&E Project and the sale of industrial products recorded an increase from that of the previous year, it had led to a relatively significant in the cost of sales, thereby leading to a decrease in terms of both the Group's gross profit and gross profit margin for the Reporting Period when compared to those of the previous year.

#### Other Income and Gains

During the Reporting Period, the Group recorded other income and gains of approximately RMB107,465,000, which mainly comprised gains on investment, bank interest income and income from road damage compensation. The year-on-year increase of approximately 50.40% in other income and gains from approximately RMB71,454,000 of last year was mainly attributable to the increase in our investment income as a result of the Company's active market development.

#### Administrative Expenses

During the Reporting Period, administrative expenses from the Group's operations were approximately RMB109,692,000, representing an increase of approximately 2.84% as compared to that of approximately RMB106,667,000 of last year. Such increase was mainly attributable to the increase in research and development expenses. The administrative expenses of the Group mainly comprised salaries and wages, depreciation of property, plant and equipment, transportation expenses and professional fees.

#### Impairment Losses on Financial Assets and Contract Assets

During the Reporting Period, the impairment losses on financial assets and contract assets were approximately RMB6,023,000, representing a decrease of approximately 53.03% from RMB12,823,000 of last year, mainly attributable to the fulfillment of contractual obligations as well as the recovery of debts.

#### Other Expenses

During the Reporting Period, the other expenses of the Group were approximately RMB574,000, representing a decrease of approximately 97.02% as compared to approximately RMB19,241,000 which was mainly due to substantial asset impairment charges recognized in 2023.

#### Finance Costs

During the Reporting Period, the finance costs of the Group were approximately RMB72,843,000, representing an increase of approximately 6.68% as compared to approximately RMB68,284,000 of last year, which was mainly attributable to the expensing of loan interest of the R&E Project of the Jihe Expressway as the R&E Project of the Jihe Expressway fully resumed two-way traffic in December 2024.

Share of Profits and Losses of an Associate and Joint Ventures

During the Reporting Period, the Group's share of profit of an associate and joint ventures were approximately RMB801,000 (last year: approximately RMB39,174,000), representing the share of profit of the Group's associate and joint ventures in the Reporting Period accounted for under the equity method of accounting.

Net Profit Attributable to the Parent During the Year

During the Reporting Period, the profit attributable to owners of the parent was approximately RMB484,586,000, representing a decrease of approximately 7.74% as compared to that of approximately RMB525,260,000 for last year. The decrease in profit during the Reporting Period was primarily attributable to a relatively large decrease in toll income as a result of the half-width closure for construction in respect of the R&E Project of the Jihe Expressway.

#### Liquidity and Financial Resources

During the Reporting Period, the Group financed its operations and capital expenditures with the Group's internal resources, floating-rate bank loans and borrowings from Shandong Hi-Speed Group. As at 31 December 2024, the Group had total loans of approximately RMB10,608,789,000 (as at 31 December 2023: approximately RMB7,102,515,000), interest of which were accrued based on floating rates and were denominated in RMB, and total cash and cash equivalents (including bank deposits and cash) of approximately RMB216,691,000 (as at 31 December 2023: approximately RMB398,957,000).

The Group adopts a prudent capital management policy and actively manages its liquidity position. It maintains sufficient standby banking facilities to meet its daily operation needs and capital requirements for future development. As at 31 December 2024, the Group's gearing ratio, as calculated by dividing net debt(1) by total capital(2), was approximately 63.07% (as at 31 December 2023: 53.08%).

#### Notes:

- (1) Net debt = total borrowings cash and cash equivalents
- (2) Total capital = equity attributable to owners of the parent + net debt

Pledge of Assets and Contingent Liabilities

As at 31 December 2024, the Group's toll collection rights in respect of the Deshang and Shennan Expressways were pledged to secure a bank loan granted by a financing bank for the related construction project financing. As at 31 December 2024, the net carrying amount of the toll collection rights in respect of (i) the Deshang Expressway (Liaocheng – Fan County section) and (ii) Shennan Expressway was RMB2,012,953,000 and RMB734,473,000, respectively. Save as mentioned above, as at 31 December 2024, the Group had no material pledge of assets or contingent liabilities.

Employees, Remuneration Policy and Pension Plans

As at 31 December 2024, the Group had a total of 672 (as at 31 December 2023: 696) employees in the PRC, including management staff, engineers and technicians, etc.. During the Reporting Period, the Group's total staff remuneration expenses were approximately RMB230,855,000 (approximately RMB203,667,000 for last year).

The Group's remuneration for employees includes basic salaries, bonuses and other staff benefits, such as social insurance, housing provident fund, corporate annuity, supplementary medical insurance and group life accident insurance, etc.. In general, the Group remunerates its employees based on their performance, qualification, position and seniority within the Group. The Group also provides the employees with continuing education and regular on-the-job training based on their job duties. In compliance with the requirements of the PRC laws and regulations, the Group contributes to the State-sponsored retirement scheme (i.e. pension insurance) for its employee in the PRC. The Group's employees make monthly contributions to the scheme at approximately 8% of the relevant income (comprising wages, salaries and bonuses), while the Group contributes 16% of the relevant income, subject to certain ceilings. The State-sponsored retirement scheme is responsible for all post-employment benefit obligations payable to the retired employees. In addition, the Group also operates an additional employee pension plan (that is, corporate annuity). All employees are entitled to an additional pension each year aggregating to 10% of the previous year's salaries.

Foreign Exchange Risk

The Group mainly operates in the PRC with most of its transactions settled in Renminbi.

As at 31 December 2024, the Group did not enter into any hedging arrangements to hedge against exposure in foreign currency risk. Renminbi is the presentation currency of the Company. As the Group principally operates in the PRC, and Renminbi is the currency of the primary economic environment in which the Group operates, the business of the Group is not exposed to material foreign exchange risk.

## SIGNIFICANT INVESTMENTS, MATERIAL ACQUISITIONS OR DISPOSALS OF SUBSIDIARIES AND ASSOCIATED COMPANIES

The Company did not have any significant investment, material acquisition or disposal of subsidiaries, associated companies or joint ventures during the Reporting Period.

#### **BUSINESS REVIEW**

During the Reporting Period, the Group achieved a revenue of approximately RMB7,021,823,000, representing a year-on-year increase of approximately 25.19%. The Expressway Business remained as the Group's principal business, from which revenue from the Expressway Business was approximately RMB1,044,796,000, representing a year-on-year decrease of approximately 8.73%. The revenue from the construction and other business was approximately RMB5,975,302,000, representing a year-on-year increase of approximately 33.92%. During the Reporting Period, the Group recorded profit before tax of approximately RMB657,269,000, representing a year-on-year decrease of approximately 7.89%. Profit for the year was approximately RMB498,392,000 (last year: approximately RMB533,903,000), generating earnings per share of approximately RMB0.23 (last year: approximately RMB0.25).

#### **Expressway Business**

In 2024, the Company continued to strengthen the operational management of the Jihe Expressway and the Deshang and Shennan Expressways projects. The Jihe Expressway and the Deshang and Shennan Expressways are important components of the Shandong 12-8-11 Expressway Network, connecting to areas in Shandong Province with relatively eminent agricultural, commercial, tourism, other economic development.

Due to the more prolonged impact of factors such as the implementation of half-width closure for construction of the Jihe Expressway R&E Project in 2024 than in 2023, there was a decrease in the traffic volume of the Jihe Expressway during the Reporting Period as compared with the previous year. The Jihe Expressway, the Deshang Expressway (Liaocheng – Fan County section) and the Shennan Expressway recorded daily traffic volume of approximately 37,200, 55,000 and 11,000 vehicle trips, respectively, during the Reporting Period. The Group recorded a toll income of RMB510,135,000 from the Jihe Expressway during the Reporting Period, representing a decrease of approximately 11.63% from that of RMB577,261,000 of last year. The Deshang and Shennan Expressways recorded a toll income of approximately RMB534,661,000 during the Reporting Period, representing a decrease of approximately 5.78% from that of approximately RMB567,455,000 of last year.

Details of the traffic volume(1) of the above expressways are set out below:

Expressways managed by	Total volume of passenger vehicle traffic throughout the year	Total volume of truck and special motor vehicle traffic throughout the year	Total traffic volume throughout the year	Daily average traffic
the Group during the Reporting Period	('000)	('000)	('000)	volume <sup>(2)</sup>
The Jihe Expressway The Deshang Expressway (Liaocheng – Fan	10,498.53	3,128.8	13,627.33	37,233
County section) The Shennan Expressway	12,565.38 2,574.12	7,563.42 1,454.08	20,128.8 4,028.2	54,997 11,006

#### Notes:

(1) The statistical scope of traffic volume covers data of vehicles on the Group's managed expressways with profit sharing in the expressway network. Traffic volume does not include toll-free vehicles.

The traffic volume includes data of the following four types of vehicles:

- ① Vehicles passing the toll stations at both entrance and exit on the expressways managed by the Group;
- 2 Vehicles passing the toll stations at entrance on the expressways not managed by the Group but passing the toll stations at exit on the expressways managed by the Group;
- Wehicles passing the toll stations at entrance on the expressways managed by the Group but passing the toll stations at exit on the expressways not managed by the Group; and
- 4 Vehicles passing driving on the expressways managed by the Group but not passing the toll stations at entrance or exit on the expressways managed by the Group.

The expressways managed by the Group as mentioned above refer to the Jihe Expressway, the Deshang Expressway (Liaocheng – Fan County section) and the Shennan Expressway.

Daily average traffic volume is calculated by dividing the traffic volume on the respective expressways managed by the Group in the Reporting Period by the number of days of the Reporting Period.

In addition to the foregoing, the traffic volume and the corresponding toll income of the Jihe Expressway and the Deshang and Shennan Expressways during the Reporting Period were also affected by a combination of the following factors:

- During the reconstruction and expansion of the Jihe Expressway, some lanes and toll booths were closed, reducing the road capacity and forcing vehicles to choose other routes, resulting in an impact on the toll income of this road section.
- 2. Due to changes in the road network structure and the diversion of traffic from surrounding national and provincial highways, the toll income of Deshang and Shennan Expressways decreased.

#### Toll Collection Policy

Effective from 8 January 2021, the toll rates of the Jihe Expressway and the Deshang and Shennan Expressways are subject to the Notice of Shandong Provincial Department of Communications, Shandong Provincial Development and Reform Commission and Shandong Provincial Department of Finance on Matters Related to Expressway Tolls (Lu Jiao Cai [2021] No. 3) 《山東省交通廳山東省發展和改革委員會山東省財政廳關於高速公路通行費有關事項的通知》(魯交財[2021]3號)). The classification of vehicle types is conducted pursuant to the Notice on Matters Related to the Implementation of the Industry Standards (JT/T489-2019) for "Vehicle Classification of the Toll for Highway" (Jiao Ban Gong Lu [2019] No. 65) 《關於貫徹〈收費公路車輛通行費車型分類〉行業標準(JT/T489-2019)有關問題的通知》(交辦公路[2019]65號)).

In addition, according to the relevant rules and regulations, certain types of vehicles are entitled to toll fee discounts and exemption, including (i) with effect from 1 July 2019, as required by the Notice of the Shandong Provincial Transport Department on Clarifying Expressway ETC Preferential Policy (Lu Jiao Cai [2019] No. 26) (《山東省交通運輸廳關於明確高速公路 ETC 優惠政策的通知》(魯交財[2019]26號)), a toll fee discount of 5% is given to all ETC vehicles driving on expressways in Shandong province; (ii) the toll exemption for vehicles of the military and armed police forces and the like; (iii) the toll exemption for small passenger vehicles with 7 seats or fewer on major festivals and holidays; (iv) the toll exemption for vehicles legally fully loaded with the products within the national Catalogue of Fresh and Alive Agricultural Products 《鮮活農產品品種目錄》); (v) the toll exemptions for vehicles as required by other national policies; and (vi) according to the requirements of the Notice of the Shandong Provincial Department of Transportation, Shandong Provincial Development and Reform Commission, Shandong Provincial Department of Finance on the Implementation of Expressway Toll Discount for Some Freight Cars (Lu Jiao Fa [2020] No. 10) 《山東省交通運輸廳山東省發展和改革委員會山東省財政廳關於對部分貨車實行高速公路通行費折扣優惠的通知》(魯交發[2020]10號)), from 1 September 2020, the toll discount of 15% will be implemented for freight car users who drive the expressway in our province and install ETC package equipment.

On 17 December 2024, the Company received the Notice on Toll Standard for the Jinan-Heze R&E Section of the Ji-Guang Expressway (Lu Jiao Cai [2024] No. 64) 《關於濟廣高速濟南至菏澤改擴建段通行費標準的通知》 (魯交財[2024]64號)) issued by Shandong Provincial Department of Communications and Shandong Provincial Development and Reform Commission, which stated that due to the completion of the R&E Project, a new toll rate will be applied to the R&E section of the Jihe Expressway on a trial basis, effective from 20 December 2024 until 19 December 2026. For details of the new toll rate applicable to the R&E section of the Jihe Expressway, please refer to the announcement of the Company dated 17 December 2024.

#### **Construction and Other Business**

Construction Business and Sale of Industrial Products

During the Reporting Period, the Group recognised revenue of approximately RMB5,975,302,000 from construction business and sales of industrial products. Revenue from the construction business was mainly from the construction revenue recognised from the R&E Project of the Jihe Expressway, revenue from highway construction and revenue from municipal greening services; during the Reporting Period, the Group recognised revenue of RMB5,743,465,000 for the R&E Project of the Jihe Expressway in accordance with HKFRS 15 – Revenue from Contracts with Customers. Revenue from the sale of industrial products was mainly from the trading business of industrial products such as geotechnical materials, construction equipment and engineering materials.

#### **Rental Income**

During the Reporting Period, the Group's rental income mainly represented the revenue from the Advertisement Business and the leasing of the communication signal transmission pipeline along the expressways and the investment properties of approximately RMB1,725,000. As at the end of the Reporting Period, there were 71 billboards in normal operation along the Jihe Expressway. Rental income accounted for a relatively small proportion of the Group's revenue during the Reporting Period. Meanwhile, the Group was actively nurturing new revenue growth points for the leasing business.

#### R&E Project of the Jihe Expressway

The R&E Project of the Jihe Expressway starts from the Yinjialin Hub Interchange where the Jiguang Expressway and Beijing-Taipei Expressway intersect, and ends at the Wangguantun Hub Interchange where the Jiguang Expressway and the Rilan Expressway intersect, with an estimated total investment of RMB18.6 billion and total length of 152.7 kilometers. It will be expanded from the two-way four-lane to two-way eight-lane which has a designed speed of 120km/h and a contract construction period of 30 months. It is an important part of the Shandong 12-8-11 Expressway Network, an important channel connecting the provincial capital economic circle and the Lunan economic circle, and also an important passage out of the Shandong Province.

Upon the main works of the R&E Project of the Jihe Expressway fully commenced, the "half-width closure for construction, half-width one-way traffic" model was adopted. Since 16 February 2023, the Company has closed the half-width of Jinan-Heze Expressway (from Jinan to Heze) to carry out half-width closure for construction. The half-width construction was completed and passed acceptance test by the Provincial Department of Transport on 12 December 2023, while the traffics traveling to the Heze direction has been fully transferred to the new half-width on 26 December 2023. This transition has resulted in a substantial improvement in road capacity.

During the Reporting Period, the Jinan Changqing section of the Jihe Expressway (Yinjialin Stack Interchange to the Xiaoli Interchange section) resumed two-way traffic in advance on 26 September 2024. Later, the Company received the Approval of the People's Government of Shandong Province on the Setting of Toll Stations on the Jinan to Heze Reconstruction and Expansion Section of the Jiguang Expressway (Lu Zheng Zi [2024] No. 184) 《山東省人民政府關於濟廣高速濟南至菏澤改擴建段設置收費站的批覆》(魯政字[2024]184 號)) from the People's Government of Shandong Province, whereby the Shandong Provincial Government approved the setting of 10 toll stations on the Jihe Expressway R&E Section, including Changqing University Town, Changqing, Xiaoli, Pingyin North, Pingyin, Pingyin South, Dongping, Liangshan East, Liangshan and Jiaxiang West, with the toll collection period of 25 years. In light of the progress of the R&E Project of the Jihe Expressway and the resumption of traffic for certain road sections earlier, the Company has fully resumed two-way traffic for the entire R&E Project of the Jihe Expressway from 12:00 p.m. on 20 December 2024. In 2024, RMB4.151 billion of investment of the R&E Project of the Jihe Expressway was completed, and a total of RMB13.096 billion of investment of this project was completed.

For further details and the construction schedule of the R&E Project of the Jihe Expressway, please refer to the announcements dated 3 May 2021, 30 September 2021, 11 October 2021, 11 March 2022, 20 May 2022, 27 July 2022, 19 August 2022, 29 November 2022, 7 February 2023, 20 December 2023, 24 September 2024, 10 December 2024, 17 December 2024 and 18 December 2024, and the circulars dated 15 November 2021, 20 July 2022 and 31 October 2022 of the Company.

#### **PROSPECT**

In 2024, the Company coordinated and grasped the unity of stability and progress, the relationship between construction and destruction, launched a set of measures to strive for excellence, improve quality and increase efficiency, planned a number of major events that are related to the long-term and conducive to development, and harvested some widely praised and inspiring achievements and results, and handed in a perfect development answer sheet.

In 2025, the Company will grasp the general trend, identify opportunities and challenges, focus on long-term development, and anchor the first-class to open a new chapter of high-quality development. First, we will make good use of the positive and loose economic policies, take the initiative to follow up with the existing and upcoming policy measures, pay close attention to, carefully assess and seize opportunities, leverage our own resource endowments, and further seek differentiated new energy development tracks and seize opportunities to expand the new energy industry on the basis of the successfully-implemented wind power hybrid tower project. Second, we will build a principal business operation model that strives to increase revenue and create maximum benefits. Throughout the coming year, we will implement the "operation to management" action for expressways in depth, build a team dedicated to the principal business operation with top level of "asset creation, marketing, model innovation, customer service, and cost control", and promote "increasing traffic, road-derived revenue, customer praise, operation quality improvement and brand creation" to go hand in hand, so as to ensure that toll income is stable and rising with revenue target being fully completed. Third, we will build a market development

system with incremental growth and efficiency first, accelerate open development throughout the year, and all industrial sectors will quicken the pace to shift from "endogenous growth" to "market-oriented development". We will continue to create an open growth mechanism and shape the advantages of open development in market competition. Fourth, we will build a new quality development system with outstanding advantages and sufficient guarantees. The company's innovative development capabilities will be comprehensively enhanced throughout the year to form a vivid situation in which innovative factors are efficiently allocated, innovative vitality bursts forth and innovation drives significant results. Fifth, we will build a refined management system with efficient operation and safe development. Continuously deepening reform is the kinetic energy and basic support for improving the level of management and governance. We will keep a close eye on various problems that currently restrict development, accelerate the integration of advanced management concepts into the entire process of production and operation, and establish a robust market-oriented and legalized operation mechanism.

In the new year, all staff of the Company will be inspired, motivated, united and enterprising, working together to write a new answer sheet for Qilu Expressway in 2025, and pushing the Company's high-quality development to a new level and new height.

#### **EVENTS AFTER THE REPORTING PERIOD**

The Group has no material events after the Reporting Period required to be disclosed as at the date of this report.

The Board is pleased to present the corporate governance report of the Company for the year ended 31 December 2024.

#### **CORPORATE GOVERNANCE**

The Group is committed to maintaining a high level of corporate governance. The Board is responsible for the implementation of corporate governance, including: (a) formulating, developing and reviewing the corporate governance policies and practices of the Company; (b) reviewing and supervising the training and continuous professional development of the Directors and senior management; (c) reviewing and supervising the policies and practices for the compliance of laws and regulatory requirements by the Company; (d) developing, reviewing and supervising the code of conduct and compliance manual, if any, for employees and the Directors; and (e) reviewing the compliance of the Corporate Governance Code by the Company and the disclosures in corporate governance reports. In the past year, actions and measures were taken by the Board to improve the corporate governance gradually and further strengthen the development of the Company's corporate governance system. The Board believes that an effective corporate governance system can safeguard the interests of Shareholders and promote the corporate value and accountability of the Group.

The Company has adopted all applicable code provisions of the Corporate Governance Code. Throughout the Year, the Company was in compliance with the applicable code provisions in Part 2 of the Corporate Governance Code.

The Board will continue to review and improve its corporate governance system to ensure continuous compliance of the Corporate Governance Code.

#### **CORPORATE CULTURE**

Since its establishment, the Group's business has continued to expand in an orderly manner with unique features. With the advent of the era of digital economy and the changes in the domestic and international economic environment and industry development situation, the Group has systematically formed its cultural concepts and value propositions in the new era, condensed into its unique corporate culture brand "Smart Beauty of Qilu", and realized the Group's goal of sustainable and high-quality development.

 In the future, the Company will implement a diversified development strategy, guided by intelligent transportation, driven by scientific and technological innovation, and industry-finance interaction. Meanwhile, it will cultivate intellectualintensive professionals, promote high-quality development of enterprises, and strive to become an international and modern first-class enterprise.

• The Company is a Hong Kong listed company with specialized main business and stable benefits, exquisite and beautiful. The mission of the Company is to connect the beautiful world, enable a better travel life and create a better future.

• The Company gained a heavy customer traffic and travels at high speed. The staff will continue to improve and forge ahead with good conduct.

The sound is the same as the "beauty", the ancients pursued "benevolent enjoys mountains, the wise man takes pleasure in water, and the Tao follows nature", which can be the best! The humanistic realm pursued by the business philosophy of the Group is "road – vehicle – people – network", which is in harmony with heaven and earth, nature and ecology. The Company adheres to the cultural concept of "Smart Beauty of Qilu", creates intelligent expressway, smooth, safe, comfortable and harmonious expressway, and pursues the goal of sustainable development, so as to make the development of the Group stable and far.

#### THE BOARD

#### **Duties and Division of Responsibilities**

The Board shall act in the interests of all Shareholders and shall be accountable to general meetings. The Board shall mainly be responsible for: implementing the resolutions of general meetings; determining the medium and long-term development plan of the Company; determining the operation plans and investment programmes of the Company; determining the annual financial budget plans and final accounting plans of the Company; formulating the profit distribution plans of the Company; determining the establishment of internal management bodies and formulating the basic management system of the Company. The Company has established four special committees under the Board to oversee specific matters of the Company, namely, the Audit Committee, the Remuneration and Appraisal Committee, the Nomination Committee and the Strategy Committee. The Board has delegated various duties to the respective committees, which are contained in the terms of reference of the relevant committees. Besides, management of the Company will provide sufficient consultation to the Board and the Board committees when appropriate to facilitate the Directors in making an informed decision.

#### Chairman of the Board and General Manager

The Board is responsible for decision making on important matters of the Company and the management is authorised to conduct and manage the daily operation of the Company. The Company does have the post of general manager. During the Year, Mr. Wang Zhenjiang and Mr. Peng Hui acted as the chairman of the Board and the general manager of the Company, respectively, with a clear division of responsibilities. The chairman of the Board shall oversee the work of the Board and monitor the implementation of the resolutions adopted by the Board, and the general manager shall mainly manage the operation and coordinate the business of the Company under the leadership of the Board. As such, the Company has complied with the Code Provision C.2.1 of the Corporate Governance Code. Save as disclosed in the section headed "Profiles of Directors, Supervisors and Senior Management" in this report, there was no financial, business, family or other material relationship between the Directors and between the chairman of the Board and the general manager.

#### Composition of the Board

As at 31 December 2024, the Board was comprised of fourteen Directors, including three executive Directors, namely Mr. Wang Zhenjiang (Chairman of the Board), Mr. Peng Hui (General Manager) and Mr. Liu Qiang; six non-executive Directors, namely Ms. Kong Xia, Mr. Su Xiaodong, Mr. Kang Jian, Mr. Wang Gang, Mr. Shi Jinglei and Mr. Du Zhongming; and five independent non-executive Directors, namely Mr. Liu Hongwei, Mr. He Jiale, Mr. Wang Lingfang, Mr. Leng Ping and Ms. Shen Chen. Mr. Ma Xianghui resigned as a non-executive Director and a member of the Strategy Committee on 20 December 2024 due to work adjustment, and Mr. Su Xiaodong also resigned as a non-executive Director on 24 January 2025 upon reaching the statutory retirement age.

Brief biographies of each of the current Directors are set out in the section headed "Profiles of Directors, Supervisors and Senior Management" in this report.

During the Year, the Board has complied with the requirements of Rules 3.10(1) and 3.10(2) of the Listing Rules to have at least three independent non-executive Directors and at least one of the independent non-executive Directors having the appropriate professional qualifications or accounting or related financial management expertise. Besides, Rule 3.10A of the Listing Rules stipulates that independent non-executive directors shall represent at least one-third of the board. The Company had five independent non-executive Directors, representing one-third of the total number of Directors; therefore, the Company has been in compliance with the relevant requirements.

In accordance with the Articles of Association, the Directors (including the non-executive Directors) shall have a term of office of three years from the date of passing the resolution of general meeting until the expiration of term of office of the Board. The Directors are eligible for re-election upon the expiration of term of office, provided that no independent non-executive Director shall serve consecutive terms for more than nine years.

#### **Time Commitment of Directors**

In addition to attending formal meetings, the Directors shall also review reports of the management and regular operation reports of the Company and understand all the affairs and matters of the Company through site visit and other channels, so as to effectively perform their duties. After due review, the Board is of the view that the Directors have devoted sufficient time and efforts to perform their duties as Directors during the Year.

#### **Training and Professional Development of Directors**

During the Year, all Directors have received trainings in the written form or by participating in seminars. The Directors shall be updated with the latest developments in legal and regulatory systems and the operation of the Company to facilitate the performance of their duties. Trainings are also provided for the Directors when necessary to ensure that the Directors have a proper understanding of the business and operation of the Group, and are fully aware of their responsibilities and obligations under the Listing Rules and the applicable legal requirements.

The individual training record of each Director received in the Year is summarised below:

Attending or participating in seminars/reading materials relevant to the director's Name responsibilities **Executive Directors** Mr. Wang Zhenjiang (Chairman of the Board) Mr. Peng Hui Mr. Liu Qiang Non-executive Directors Mr. Ma Xianghui (resigned as a non-executive Director on 20 December 2024) Ms. Kong Xia Mr. Su Xiaodong (resigned as a non-executive Director on 24 January 2025) Mr. Kang Jian Mr. Wang Gang Mr. Shi Jinglei Mr. Du Zhongming Independent Non-executive Directors Mr. Liu Hongwei Mr. He Jiale Mr. Wang Lingfang Mr. Leng Ping Ms. Shen Chen

#### **Meetings of the Board**

Unless otherwise provided by the Articles of Association, a Board meeting shall only be held if more than one half of the Directors are present. A Director who is unable to attend a Board meeting may appoint another Director to attend on his behalf as a proxy by a power of attorney which shall contain the name and capacity of the proxy and the scope and duration of the appointment. No Director shall vote on any resolution for himself or on behalf of other Directors if he has interest in the parties or matters in relation to the resolution. An extraordinary Board meeting may be held and concluded resolutions through video conference, phone telephone or using written circulations. Any Director who fails to attend a Board meeting in person or by proxy shall be deemed to have abstained his voting right thereat. The Board shall prepare minutes of Board meetings after the meetings are concluded to record the matters resolved. The minutes shall be signed by all the Directors who attended the meetings and the persons who prepared the minutes.

All Directors are provided with all relevant information of matters to be discussed at the Board meetings in a timely manner, and they may seek independent professional advice and services from the company secretary and senior management of the Company. Upon reasonable request to the Board, any Director may seek independent professional advice, as and when necessary, at the Company's expenses.

During the Year, the Board convened 4 meetings. The attendance record of the Directors at the Board meetings convened in the Year is as follows:

	Number of meetings attended/Number of meetings held	Number of meetings attended by appointing		
	during the Director's	another Director

#### **Audit Committee**

The major responsibilities and authorisations of the Audit Committee include but are not limited to: (i) proposing the appointment, re-appointment or removal of external auditors; (ii) reviewing and supervising the independence and objectivity of external auditors and the effectiveness of the audit process in accordance with the applicable standards; (iii) reviewing the financial information of the Company and its disclosures; (iv) supervising the financial reporting system, the risk management and the internal control procedures of the Company; and (v) strengthening the communication between the internal auditor and external auditors. The terms of reference of the Audit Committee are available on the websites of the Company and the HKEXnews.

The Audit Committee comprises three Directors, namely Mr. He Jiale, Mr. Shi Jinglei and Mr. Liu Hongwei. Mr. He Jiale, an independent non-executive Director, acts as the chairman of the committee. All members of the Audit Committee are non-executive Directors, among whom, Mr. He Jiale and Mr. Liu Hongwei are independent non-executive Directors.

During the Year, the Audit Committee convened 3 meetings to, among other things, review the financial results of the Group for the year ended 31 December 2023 and the financial results of the Group for the six months ended 30 June 2024 before submission to the Board for approval, discuss the proposal for the re-appointment of the auditor for the year, discuss and consider the audit plan of the auditor for the year, and discuss the risk management and internal control systems of the Group currently in force.

The Audit Committee has reviewed and confirmed the audited consolidated financial statements in this report and has discussed with the management on the financial statements and the internal control of the Company. The Audit Committee is of the view that these financial statements are prepared in accordance with the applicable accounting standards and requirements and the disclosure is adequate.

The Audit Committee is also aware of the existing risk management and internal control systems of the Group, and is aware that such systems shall be reviewed annually.

#### Summary of work performed by the Audit Committee

- To consider and adopt the Company's profit distribution and dividend declaration plan for the year of 2023 and to ensure the profit distribution is legal and compliant;
- To consider the final financial report for the year of 2023 and the financial budget for the year of 2024 of the Company to ensure the preparation of the final financial report and financial budget is scientific and reasonable;
- To consider the 2023 financial statements, the management's representation letters and results announcement issued by the external auditor to ensure the truthfulness and completeness of the annual financial data of external disclosure;
- To consider the Company's 2023 internal control evaluation report and review the effectiveness of the internal controls:
- To consider and approve the re-appointment of the auditor for 2024 and to determine the related audit fees:
- To consider the report on the Company's related party transactions and continuing connected transactions for 2023 and to ensure the truthfulness of the external disclosure of connected transactions;
- To consider the Company's 2024 interim financial statements, statement and results announcement to ensure the truthfulness and integrity of the financial disclosure data;
- To consider the Company's 2024 interim report to ensure the truthfulness and reasonableness of the data in the interim report;
- To consider and approve the resolution of the Company not to distribute the interim dividend;
- To review the reasonableness of the annual audit plan of the external auditor and approve the implementation of the audit plan; and
- To invite external auditors to the meeting to discuss the 2023 annual results and 2024 interim results.

#### **Remuneration and Appraisal Committee**

The major responsibilities and authorisations of the Remuneration and Appraisal Committee include: (i) evaluating the remuneration structures and policies for all Directors and senior management of the Company and providing advice to the Board on establishing of formal and transparent procedures for the formulation of remuneration policy; (ii) studying the policy and structure of the remunerations (including non-monetary benefits, pensions and allowances) of Directors, Supervisors and senior management and formulating the procedures for remuneration policy, and providing advice to the Board in this regard; formulating the procedures for remuneration policy shall be normal and open; (iii) making recommendations to the Board on the remuneration of non-executive Directors; (iv) reviewing and approving the compensation arrangements for Directors who are dismissed or removed due to their misconduct so as to ensure that the arrangements are consistent with the contractual terms or are otherwise reasonable and appropriate if not consistent with the contractual terms; (v) monitoring the implementation of the remuneration policy for Directors, Supervisors and senior management; and (vi) review and/or approve matters relating to share schemes as set out in Chapter 17 of the Listing Rules. The terms of reference of the Remuneration and Appraisal Committee are available on the websites of the Company and the HKEXnews.

The Remuneration and Appraisal Committee comprises three Directors, namely Mr. Liu Hongwei, Mr. Wang Lingfang and Mr. Leng Ping, all being independent non-executive Directors. Mr. Liu Hongwei, an independent non-executive Director, acts as chairman of the committee.

During the Year, the Remuneration and Appraisal Committee convened 2 meetings to discuss the remuneration packages of Directors and senior management and make recommendations to the Board in this regard.

#### **Directors' Remuneration Policy**

The Company provided remuneration in the form of salaries, social security, housing funds, enterprise annuity and other benefits to executive Directors, directors and senior management members who are also employees of the Company; provided fixed remuneration to the independent non-executive Directors with reference to the industry conditions and the actual situation of the Company's production and operation. No remuneration of any form will be provided to the non-executive Directors.

The Company will regularly review its remuneration based on the Company's development and operations and recommend remuneration adjustments where appropriate and seek the Board's endorsement for and Shareholders' approval of any recommended changes.

In accordance with the Code Provision E.1.5 of the Corporate Governance Code, the remunerations of the Directors, Supervisors and senior management by remuneration band for the year ended 31 December 2024 are set out below:

No. (Notes)	Remuneration band	Number of persons
	(RMB)	
1	0 - 500,000	21
2	500,001 - 1,000,000	7
3	1,000,001 – 1,500,000	2

Notes:

No. 1 includes 12 Directors, 8 Supervisors and 1 senior management;

No. 2 includes 1 Director and 6 members of the senior management; and

No. 3 includes 2 Directors.

Further details of the remunerations of the Directors and the five highest-paid employees as required to be disclosed under Appendix D2 to the Listing Rules are set out in Notes 8 and 9 to the financial statements for the Year.

#### **Nomination Committee**

The responsibilities and authorisations of the Nomination Committee include: (i) reviewing the criteria and procedures for selection of Directors and senior management, and their structure, size and composition (including the skills, knowledge and experience) annually, and making recommendations on any proposed changes to Directors and senior management to complement the Company's strategy; (ii) identifying individuals suitably qualified to become Board and senior management members and selecting or making recommendations to the Board on the selection of individuals nominated for directorships; (iii) making recommendations to the Board on the appointment, re-appointment and succession planning for Directors and senior management; (iv) assessing the independence of independent non-executive Directors; and (v) performing other duties delegated by the Board. The terms of reference of the Nomination Committee are available on the websites of the Company and the HKEXnews.

The Nomination Committee comprises four Directors, namely Mr. Wang Zhenjiang, being the chairman of the Board, and Mr. Wang Lingfang, Mr. Leng Ping and Ms. Shen Chen, being independent non-executive Directors. Independent non-executive Directors represent a majority of the committee. Mr. Wang Zhenjiang, the chairman of the Board, acts as the chairman of the committee.

During the Year, the Nomination Committee mainly performed the following tasks: assessing the suitability of the candidates nominated for the appointment as Directors or senior management of the Company and making recommendations to the Board on the appointment of the above personnel, and reviewing the composition of the Board in accordance with the requirements of the Board Diversity Policy of the Company.

During the Year, the Nomination Committee convened 2 meetings to discuss the nomination policy, the independence of independent non-executive Directors, and the eligibility of candidates for the appointment as senior management and Directors of the Company.

#### **Nomination of Directors**

In accordance with the Articles of Association, candidates of Directors shall be nominated or recommended by the existing Board or in the form of proposal by Shareholder(s) individually or in aggregate holding more than 1% of the Shares of the Company. The Nomination Committee shall verify the qualifications and conditions of the candidates of Directors, submit it to the Board for consideration on the appointment of the candidate upon determination, and a written resolution shall be proposed at a general meeting for approval by resolutions passed by the Board.

#### **Strategy Committee**

The major responsibilities and authorisations of the Strategy Committee include: (i) studying and making recommendations on the long-term development strategy of the Company; (ii) studying and making recommendations on major investment and financing plans that are subject to approval of the Board as required by the Articles of Association; (iii) studying and making recommendations on major capital operation and asset operation that are subject to approval of the Board as required by the Articles of Association; (iv) studying and making recommendations on the business plan and annual budget plan of the Company; (v) studying and making recommendations on other significant matters affecting the development of the Company; (vi) inspecting the implementation of the above matters; and (vii) performing other duties delegated by the Board. The terms of reference of the Strategy Committee are available on the websites of the Company and the HKEXnews.

The Strategy Committee comprises five Directors, including two executive Directors and three non-executive Directors, namely Mr. Wang Zhenjiang, being the chairman of the Board, Mr. Peng Hui, Mr. Ma Xianghui, Ms. Kong Xia and Mr. Wang Gang. Mr. Wang Zhenjiang, the chairman of the Board, acts as the chairman of the committee. Mr. Ma Xianghui resigned as a member of the Strategy Committee on 20 December 2024.

During the Year, the Strategy Committee convened 1 meeting to discuss the implementation of the investment plan for 2023 and the investment plan of the Company for 2024, the 2024 financial budget and the proposal to authorize cash management of idle funds.

#### **Diversity of the Board**

In accordance with the Listing Rules, the Board has developed and adopted the Board Diversity Policy. It emphasizes that in determining the Board's composition, Board diversity has been considered from a number of aspects. All the appointments to the Board will be based on merit, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board, taking into account various factors including gender, age, culture and educational background, professional experience, skills, knowledge and length of service. The Company shall consider its own business model and specific needs from time to time and make final decisions based on merits and contributions that the candidates will bring to the Board.

With reference to the policy above, the Nomination Committee has reviewed the composition of the Board in accordance with the Listing Rules in terms of the following factors:

- Age: At present, the members of the Board cover the age group from more than 40 to 70. The diversity
  of age groups helps the members of the Board to bring a variety of thinking;
- Educational backgrounds and professional knowledge: The members of the Board come from different educational backgrounds, including business administration, law, marine engineering management, traffic and transportation management, chemical engineering related to polymer materials and thermodynamics equipment of power plant. A number of Directors have obtained master's and doctoral degrees and other professional accreditation qualifications, including certified public accountant in China, senior political analyst, professorate senior engineer and senior economist. It also reflects that the Group's expressway operation management and related supporting material supply businesses involve different professional fields. The educational background of the members of the Board helps to guarantee the professionalism of the Group's business; and

• **Industry experience:** The members of the Board have relatively sufficient industry experience in their respective fields, including participating in different domestic and cross-border businesses in the operation management, investment management and other enterprises of infrastructure projects such as expressway, energy and port transportation, which brings foresight to the Company's business development and international vision.

To sum up, the Directors are of the opinion that the composition of the Board is in compliance with the board diversity requirements of the Board Diversity Policy and the Listing Rules in terms of gender, age, educational background, industry experience, region and duration of service, and reflects an appropriate mix of skills, experience and diversity that are relevant to the Group's strategy, governance and business and contribute to the Board's effectiveness and efficiency. Information about the Board's current composition (including the skills and experience of Directors) is set out in the section headed "Profiles of Directors, Supervisors and Senior Management" in this report.

As at the end of the Reporting Period, the Board of the Company has two female members. During the renewal of the Board last year, the Company has introduced one more female member to the composition of the current Board. In addition, female directors have been appointed to both the Strategy Committee and the Nomination Committee, effectively satisfying the previously established diversity goals.

In terms of the employees of the Group, the Company adheres to the people-oriented management concept, respects and protects the rights and interests of employees, standardizes the career development path, accelerates the construction of talent team, and helps employees grow. During the Reporting Period, the Company followed the principle of "openness, fairness, competition and merit-based selection" to recruit and train employees. As of the end of the Reporting Period, the Group had 672 employees, including 250 female employees, accounting for about 37% of all employees. A total of 552 employees (accounting for about 82% of all employees) belong to the age group of 30 to 50, with 44 and 76 employees aged below 30 and above 50 respectively. During the Reporting Period, there were 10 new employees, of which 3 belonged to the age group under 30. This just reflects the Group's adherence to the principle of equality between men and women in social recruitment, and it will actively cultivate suitable talents from young employees, provide promotion opportunities, and strive to continuously improve the diversity of the Group's staff, senior management and Directors in terms of personal ability, professional background and gender. In conclusion, the Company believes it has achieved diversity in the fields of gender and age among its employees, and the Company is committed to progressively enhancing diversity in terms of gender and background in future renewal of the Board as well as employee training and promotion, ensuring a systematic and progressive manifestation of diversity.

#### **DIRECTORS**

#### **Appointment and Re-election of Directors**

Directors (including non-executive Directors and independent non-executive Directors) shall be elected at a general meeting with a term of office of three years from the date of passing the resolution at the general meeting until the expiration of term of office of the Board. Directors are eligible for re-election upon the expiration of term of office, provided that no independent non-executive Director shall serve consecutive terms for more than nine years.

Chairman of the Board and vice chairman of the Board shall be elected and removed by more than one half of the members of the Board, with a term of office of three years, and may be re-elected upon the expiration of term.

Each of the current Directors has entered into a service contract with the Company for a term of three years, commencing from the date of approval by Shareholders for the appointment, and subject to termination in accordance with the terms of the respective contracts. As of the date of this report, all directors of the third session of the Board of the Company have signed service contracts with the Company.

None of the Directors has entered or proposed to enter into a service contract with any member of the Group, excluding those contracts expiring within one year or determinable by the relevant employers within one year without payment of compensation (other than statutory compensation).

#### **Independence of Independent Non-executive Directors**

The Company currently has five independent non-executive Directors, and none of them has served as an independent non-executive Director for more than nine years. The number and qualification of the independent non-executive Directors are in compliance with the requirements of the Listing Rules and the Articles of Association. Their independence is highly guaranteed as none of the independent non-executive Directors has any business or financial interest in the Company or its subsidiaries, nor do they hold any management position in the Company.

Each of the five independent non-executive Directors has given the Company a written confirmation of his independence for the Year pursuant to Rule 3.13 of the Listing Rules. Based on such confirmation and to the best knowledge of the Board, all current independent non-executive Directors are independent and are in compliance with the requirement of Rule 3.13 of the Listing Rules.

#### **Independent Input Mechanisms**

# Board and committees' structure

As of the end of the Reporting Period, the Board of the Company composed of 14 members including 5 independent non-executive Directors. It complies with the requirements of the Listing Rules that independent non-executive directors should account for one-third of the number of directors and not less than three.

#### Independent non-executive Directors' tenure

• In accordance with the requirements of the Articles of Association, the term of office for independent non-executive Directors shall be three years, and eligible to offer himself for re-election, but shall not exceed nine years.

#### Independent non-executive Directors' remuneration

Independent non-executive Directors receive fixed fee(s) for their roles as members of the Board and Board Committee(s) as appropriate. The Company has not established an incentive scheme related to its Shares.

# Appointment of independent non-executive Directors

 Independent search firm(s) can be engaged by the Nomination Committee to help identify potential candidates for appointment of independent nonexecutive Directors.

In assessing suitability of the candidates, the Nomination Committee will
review their profiles, including their qualification and time commitment,
having regard to the Board's composition, the Directors' skills and
experience, the list of selection criteria approved by the Board and the
Board Diversity Policy.

# Annual review of independent non-executive Directors' commitment and independence

The Nomination Committee reviews annually each Director's time commitment to HKEX's business. Directors' attendance records during the Reporting Period are disclosed in the section head "Meetings of the Board" contained in the Corporate Governance Report.

• Independent non-executive Directors' independence is assessed upon appointment, annually, and as the circumstances require.

# Management of the conflict of interests

 The internal system of the Company contains provisions for the avoidance of conflicts of interest and provides guidance on the actions to be taken by Directors in relation to conflicts of interest.

#### Professional advice

• Directors may consult the Joint Company Secretaries of the Company or the Securities Investment Department on matters relating to the performance of their duties, as well as external professional advisers and legal advisers at the Company's expense.

# Evaluation of the performance of the Board

- The quality and efficiency of discussions at Board meetings are assessed during the annual evaluation of the Board's performance.
- The Board is of the view that the implementation of the above mechanism can effectively ensure that the Board receives independent views and opinions.

#### Compliance with the Model Code

For the Year, the Company has adopted a code of conduct regarding Directors' and Supervisors' securities transactions on terms no less exacting than the required standard set out in the Model Code. Having made specific enquiries with all the Directors and Supervisors, it was confirmed that the Directors and Supervisors of the Company have complied with the Model Code in relation to securities transactions by the directors and its own standards of code of conduct and there has not been any non-compliance with the relevant requirements of the Model Code.

#### **Directors' Responsibilities for Preparation of Financial Statements**

The Directors acknowledge their responsibilities for preparing financial statements of the Group in accordance with the relevant statutory requirements and generally accepted accounting principles in Hong Kong and ensuring that the financial statements give a true and fair view of the Group's financial position.

According the Code Provision C.5.9 of the Corporate Governance Code, management shall provide sufficient explanation and information to the Board so that the Board can make an informed assessment of financial and other information before such information is submitted to the Board for approval. The Company shall also provide all members of the Board with monthly updates on the performance, position and prospects of the Group.

#### SHAREHOLDERS AND GENERAL MEETINGS

#### Particulars of Controlling Shareholders and Ultimate Controlling Shareholders

During the Reporting Period, the controlling Shareholders of the Company were Shandong Hi-Speed Group, Shandong Hi-Speed, COSCO SHIPPING, China Shipping and COSCO SHIPPING (Hong Kong).

The Company operates its business independently from its controlling Shareholders and has separate personnel, organisation, assets and business. The behaviours of the controlling Shareholders are regulated, and they have not directly or indirectly intervened the operation and decision-making of the Company without the approval at general meetings of Shareholders.

Particulars of the shareholding of substantial shareholders during the Year and Non-competition Agreement and commitments of controlling Shareholders are set out in the section headed "Report of the Board of Directors" in this report.

#### **General Meetings**

The Company is committed to ensuring that all Shareholders, in particular the minority Shareholders, are treated equally and are able to fully exercise their rights. A general meeting is the highest authority of the Company and exercises its power in accordance with the laws.

To safeguard the interests and rights of Shareholders, all major matters shall be proposed as separate resolutions at a general meeting for consideration in accordance with the requirements of the applicable laws and regulations and the Listing Rules. The rights of Shareholders and the procedures for voting at general meetings shall be contained in the relevant circular in accordance with the Articles of Association and the Listing Rules, which shall be despatched to Shareholders within a specified period of time and shall be published on the websites of the HKEXnews and the Company.

During the Reporting Period, the Company convened 1 annual general meeting and 1 extraordinary general meeting. For details of the proposals and resolutions considered at these meetings, please refer to the relevant annual annual general meeting and 1 extraordinary general meeting.

#### **CONTROL SYSTEM**

#### **Supervisory Committee**

The Supervisory Committee is the supervisory authority of the Company and shall be accountable to general meetings. The Supervisory Committee exercises its supervisory power independently in accordance with the laws to protect the legitimate interests of Shareholders and the Company.

The functions and duties of the Supervisory Committee include (but are not limited to): (i) reviewing the financial statements, business reports and profit distribution plans prepared by the Board, and engaging certified accountants and certified auditors to re-examine the Company's financial information if in doubt; (ii) supervising the financial activities of the Company; (iii) demanding the rectification of acts of Directors, general manager and senior management which are against the interests of the Company; and (iv) exercising other powers, authorities and duties delegated by the Articles of Association.

As at 31 December 2024, the Supervisory Committee comprises eight Supervisors, including three employee Supervisors (namely Mr. Dong Junjie, Ms. Hou Qinghong and Mr. Hao Dehong), three Shareholder representative Supervisors (namely Mr. Wang Shenan, the chairman of the Supervisory Committee, Mr. Zhang Yin and Mr. Wu Yongfu) and two independent Supervisors (namely Mr. Meng Qinghui and Mr. Dong Ensheng).

Supervisors who are representatives of the Shareholders shall be elected and removed at a general meeting. Employee Supervisors shall be elected and removed at an employee representative meeting, employee general meeting or through other democratic procedures. Each Supervisor shall have a term of office of three years, commencing from the date of passing the relevant resolution at the general meeting or employee representative meeting until the expiration of the term of the Supervisory Committee, and is eligible for re-election upon the expiration of term of office.

Particulars of the Supervisors are set out in the section headed "Profiles of Directors, Supervisors and Senior Management" in this report.

During the Year, the Supervisory Committee convened 4 regular meetings, to review the production and operation of the Company, procedures for decision-making, compliance of operations, financial position and regulated management of internal control, to supervise the performance of duties by the Directors and senior management of the Company, and to discuss and review the financial report, business report and profit distribution plan to be submitted by the Board for approval at the general meeting.

As of the date of this report, all Supervisors of the third session of the Supervisory Committee of the Company have signed service contracts with the Company.

#### **Internal Control and Risk Management**

The Board shall perform operational decision-making and is committed to establishing and improving the measures and plans for internal control and risk management. It shall also supervise the implementation of the risk management and internal control system, so as to safeguard the investment of Shareholders and the assets of the Group.

The Board recognises it is responsible for the risk management and internal control systems and reviewing their effectiveness. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss. The Board has delegated its responsibility (together with the relevant authority) for risk management and internal control to the Audit Committee. The Audit Committee is responsible for supervising the design, implementation and monitoring of the management in respect of risk management and internal control systems. The management has confirmed to the Audit Committee (and the Board) the effectiveness of such systems for the year ended 31 December 2024.

#### Key Features of Risk Management and Internal Control Systems

The Board shall be responsible for the risk management and internal control systems of the Company, and shall review the effectiveness of such systems. The Supervisory Committee shall supervise the establishment and implementation of internal control system by the Board. The management is responsible for organising and leading the daily operation of internal control system.

#### Scope of responsibilities:

#### Board

- 1. Be responsible for the risk management and internal control systems and continuously review their effectiveness, to ensure that the Company can establish and maintain effective risk management and internal control systems;
- 2. Review the risk management and internal control systems of the Company at least once every year, and ensure that at each review, the Company has sufficient resources, staff qualifications and experience, staff training programmes and relevant budgets in terms of accounting, internal audit and financial reporting functions. In case of additional matters that need to be reported, the chairman of the Board shall determine whether to report such matters to the Board; and
- 3. Supervise the design, implementation and monitoring of the management in respect of the risk management and internal control systems.

#### Audit Committee

- 1. Review and assess the completeness and effectiveness of the financial control, internal control and risk management systems, mechanisms and regimes;
- 2. Evaluate the risk management and internal control assessment and audit results, and supervise the improvement regarding risk management and internal control defects;
- 3. Discuss with management about the internal control system to ensure that the management has set up an effective internal control system. The discussion shall cover the sufficiency of resources and staff qualifications and experience of accounting and financial reporting functions, and the adequacy of staff trainings and relevant budgets; and
- 4. Study, either initiatively or as assigned by the Board, the important review results related to risk management and internal control matters and the management's feedback about such review results.

#### Management

- 1. Be responsible for the risk management and internal control, and manage the affairs in connection therewith; and
- 2. Report the information about risk management and internal control to the Board and the Audit Committee.

Management of the Company reports the risk management and internal control of the Company to the Audit Committee and the Board at the annual meeting held each year, so that the Board is able to make judgement about the effectiveness of the internal control and risk management of the Company.

The Company applies relevant policies and procedures to review the effectiveness of the risk management and internal control systems and to resolve material internal control defects, which include the requirement that management of the Company shall conduct regular evaluation and acquire latest information in this regard. In the meantime, the Company has developed a set of clean system to offer guarantee for anti-corruption, reporting and supervision.

#### Specific procedures for identification, assessment and management of material risks

#### 1. Risk identification

Determine risk measurement criteria and identify risks which may have potential impact on the Company.

#### 2. Risk assessment

Assess risks identified and classify them by risk level.

#### 3. Risk response

Select a response strategy according to the risk level, and the risk management department tracks the effectiveness of such response strategy. At the same time, formulate relevant countermeasures to avoid recurrence of and to mitigate the risks.

#### 4. Risk monitoring

Monitor the risks continuously and regularly, and adjust the procedures for risk management and internal control when appropriate to ensure that the control procedures are appropriate and effective. Report the results of risk monitoring to the management and the Board regularly.

In a bid to become resilient to changes of external environment and maintain its profitability, the Company optimises its business flow and transforms its business and management modes through management innovation and business reform. It also exerts great efforts to mid – and long-term planning, cost reduction, organisation and procedure optimisation, capability improvement and other aspects to ensure that the strategy and annual plan are realised.

#### **Internal Audit Function**

The internal audit function of the Company is performed by the Audit and Legal Department, which directly reports to the Audit Committee.

#### **Handling and Dissemination of Inside Information**

In respect of the procedures for and internal control of handling and dissemination of inside information, the Company:

- 1. acknowledges its responsibilities under the SFO and the Listing Rules, the most important principle of which provides that where relevant information is determined as inside information, an announcement shall be published as soon as reasonably and practicably feasible; and
- 2. pays close attention to the applicable laws and regulations when handling with such information.

A self-evaluation report has been prepared by the Board in respect of the risk management and internal control matters of the Company during the Year. The Board has reviewed the control systems of the Company and is of the view that during the Year, such systems were effective and adequate and management of the Company should further perfect its risk management and internal control systems to promote a higher standard of corporate governance.

#### **AUDITORS AND THEIR REMUNERATIONS**

The remunerations paid or payable to the Company's auditors during the Year are set out as follows:

Service provided	Fee paid or payable RMB'000
Audit fee	910
Non-audit fee  Interim review	650

#### **JOINT COMPANY SECRETARIES**

Ms. Zhang Xiao and Mr. Shi Wenjiang have been appointed as the Joint Company Secretary, with effect from 19 May 2023.

The biographical details of Ms. Zhang and Mr. Shi are set out in the section headed "Profiles of Directors, Supervisors and Senior Management" in this report.

Ms. Zhang serves as the assistant vice president of SWCS Corporate Services Group (Hong Kong) Limited, and is responsible for making recommendations to the Board on corporate governance matters to ensure the compliance with the policies and procedures set by the Board, the applicable laws, rules and regulations. Mr. Shi is the main contact person of Ms. Zhang in the Company.

Both Ms. Zhang and Mr. Shi have confirmed that they have received not less than 15 hours of relevant professional training as required by Rule 3.29 of the Listing Rules during the Year.

#### SHAREHOLDERS' RIGHTS AND INVESTOR RELATIONSHIP

#### **Procedures for Convening Extraordinary General Meeting**

Shareholder(s) individually or collectively holding 10% or above of the Company's Shares may request the Board to convene an extraordinary general meeting, which shall be made to the Board in writing. The Board shall, according to the laws, administrative regulations and provisions of the Articles of Association, give written feedback on whether it agrees or disagrees to convene an extraordinary general meeting within ten (10) days after receiving the request.

#### **Procedures for Making Enquiry to the Board**

The shareholder communication policy of the Company aims to maintain transparency and provide information about major developments of the Group to shareholders and investors in a timely fashion. General meetings are the formal channel of communication of the Company with shareholders and the Board. Chairman of the Board and chairmen of board committees (or another member of the respective committee if he fails to attend the meeting) will attend general meetings to have direct communication with Shareholders.

Shareholders may also make their enquiries and questions to the Board by sending to the Securities Investment Department of the Company at the following address:

Address: Room 2212, Block 4, Zone 3, Hanyu Financial & Business Centre, No. 7000 Jingshi East Road, Hi-

tech Zone, Jinan City, Shandong Province, the PRC

Telephone: +86 (531) 8720 7088

#### **Procedures for Making Proposals at General Meetings**

When the Company convenes a general meeting, the Board, the Supervisory Committee and Shareholders who individually or collectively hold more than 1% of the Company's shares are entitled to submit resolutions to the Company.

Shareholders who individually or collectively hold more than 1% of the Company's shares may put forward a provisional proposal and submit it in writing to the convenor ten days prior to the date of the general meeting. The convenor shall issue a supplementary notice of the general meeting within two days after receiving the proposal, announcing the contents of the provisional proposal.

#### **Amendments to the Constitutional Documents**

During the Year, the Company has made amendments to the Articles of Association. For further details on the amendments to the Articles of Association, please refer to the announcements dated 30 August 2024 and 16 October 2024 as well as the circular dated 23 September 2024 of the Company.

#### Communication with Investors and Investor Relationship

The Company's management highly values the investor relation management, and has established Measures for Information Disclosure, Investor Relation Management Policy and other regulatory systems to standardise and optimise the investor relation management of the Company.

By implementing the Investor Relation Management Policy, the Company enhances investors' and Shareholders' understanding and recognition of the Company through reasonable information disclosure and exchange. At the same time, transparent information disclosure helps to improve the level of corporate governance, so as to maximize the overall interests of the Company and protect the legitimate rights and interests of investors and Shareholders.

The Investor Relation Management Policy are summarized as follows:

# Purposes of investor relationship management

- Promote the benign relationship between the Company and investors, and enhance investors' further understanding and familiarity with the Company;
- Establish a stable and high-quality investor base and obtain long-term market support;
- Form a corporate culture that serves and respects investors; and
- Promote the benign relationship between the Company and investors, increase the transparency of the Company's information disclosure and improve corporate governance.

#### Basic principles of investor relationship management

- The Company adheres to the following principles in the work of investor relationship management, including:
  - (i) The principle of full and compliant disclosure of information: actively disclose other relevant information that investors care about, and ensure that the information disclosure is true, accurate, complete and timely;
  - (ii) The principle of equal opportunity for investors: the Company shall treat all Shareholders and potential investors fairly and avoid selective information disclosure:
  - (iii) The principle of honesty and trustworthiness: the investor relationship work should be objective, true and accurate to avoid excessive publicity and misleading;
  - (iv) The principle of high efficiency and low consumption: when selecting the working mode of investor relations, the Company should fully consider improving communication efficiency and reducing communication costs; and
  - (v) The principle of interactive communication: the Company should actively listen to the opinions and suggestions of investors, realize two-way communication between the Company and investors, and form a positive interaction.

# Targets of investor relationship management

- Investors, including existing shareholders and potential investors;
- Media such as securities analysts, financial media and industry media; and
- Securities regulatory authorities and other relevant government agencies.

#### Communication mode

- The Company discloses information to Shareholders and investors through announcements, Shareholders' meetings, company websites, mailing materials, telephone consultation, media interviews and reports, analyst meetings and performance briefings, one-to-one communication, on-site visits, roadshows and questionnaires and other channels;
- The Company attaches great importance to the construction of the network communication platform, opens a column on investor relations on the Company's website, and sets up an e-mail address to accept inquiries and suggestions from investors and responds in a timely manner;
- The Company timely enriched and updated the content of the Company's website, and can place information that investors care about on the Company's website, such as news release, company profile, expressway operation and related supporting services, legal information disclosure materials, contact methods of investor relations, special articles and executive speeches; and
- The Company allows the public to participate in the Company's investor relations exchange activities online and offline through modern communication tools such as the network, in combination with on-site visits and other models. During the implementation of the financing plan, the roadshow shall be held in accordance with the relevant regulations, and the time and place of the annual general meeting and the extraordinary general meeting shall be fully considered to facilitate the participation of Shareholders, allowing the Company to receive the opinions of Shareholders and other stakeholders in a timely manner.

During the Reporting Period, while earnestly performing statutory information disclosure obligations, the Company launched investor relation activities in various forms to provide investors with information which they were interested in, to promote the transparency of corporate operation and to build mutual understanding and trust. Meanwhile, the Company absorbed the advice from investors in the course of information delivery and collected feedback from investors to boost benign interactions between the Company and investors.

In conducting investor relation activities, the Securities Investment Department of the Company is dedicated to investor relation management. The channels adopted by it mainly include: answering phone call and e-mail enquiries through investor hotline and e-mail; hosting site visits for investors and securities analysis agencies; participating in investor promotion activities; organising roadshows; providing particulars about the Company, information disclosure and corporate governance through company website.

The Company regularly receives inquiries from relevant investment organisations and industry stakeholders, in relation to the Group's business development, industry prospects and financing proposals. On the premise of complying with applicable laws and regulations, the Company will strengthen its contact with all parties in accordance with the above Investor Relation Management Policy. In order to enhance the transparency of the Company's information disclosure, the Company will, as always, continue to provide relevant information on a regular basis and as necessary under the premise of compliance. In view of the above, having considered the various existing communication channels and feedback from Shareholders and investors, the Company believes that its communication policy with investors has been effectively implemented during the Reporting Period.

The Board is grateful to Shareholders and other stakeholders for their continued support to the Group and welcomes their views as well as any questions they may have about the management and governance of the Company.

As at the date of this report, brief biographies of the Directors, Supervisors and senior management of the Company are as follows:

#### **DIRECTORS**

#### (1) Executive Directors

Mr. Wang Zhenjiang (王振江), aged 48, is currently the chairman of the Board, an executive Director, legal representative and the secretary of the party committee of the Company.

Mr. Wang has extensive work experience in accounting, banking and investment and has successively served in a number of managerial positions in Weihai City Commercial Bank (a company listed on the Stock Exchange, stock code: 09677) and he served as an executive director and the vice president of China Shandong Hi-Speed Financial Group Limited (a company listed on the Stock Exchange, stock code: 00412). Mr. Gao served as the manager of the financial department of Laizhou City Beilai Highway Investment Co., Ltd. (萊州市北萊公路投資有限公司), the manager of the financial management department of Shandong Highway & Bridge Construction Co., Ltd. (山東省公路橋樑建設有限公司). From April 2017 to February 2020, he was the manager of the finance department, a member of the party committee and the chief accountant of Shandong Luqiao Construction Co., Ltd. (山東魯橋建設有限公司). From February 2020 to November 2021, he served as the head and director of the financial management department of the Shandong Hi-Speed Road & Bridge Group Co., Ltd. (山東高速路橋集團股份有限公司) (a company listed on the Shenzhen Stock Exchange, stock code: 000498.SZ). He has served as a member of the party committee of the Company since November 2021. He has been the chief financial officer of the Company since December 2021.

Mr. Gao holds a bachelor's degree in finance management from Changsha University of Science and Technology, and he is a senior accountant and a senior economist in the PRC.

Ms. Liu Yan (劉妍), aged 51, currently serves as the deputy general manager and a member of the party committee of the Company.

Ms. Liu was a section member of the finance department and the head of the settlement section of COSCO Tianjin International Freight Co., Ltd. (天津中遠國際貨運有限公司) from July 1996 to April 2000; the manager of the finance department of Tianjin Tianyi Enterprises Co., Ltd. (天津天怡企業有限公司) from April 2000 to October 2000; the head of the fund section, the deputy manager of the finance department and the head of the accounting section of COSCO Tianjin International Freight Co., Ltd. from October 2000 to April 2004; the domestic project manager of COSCO Shipping Ports Limited (中遠海運港口有限公司) from April 2004 to March 2005; the chief accountant of Tianjin Tianyong Expressway Co., Ltd. (天津天永高速公路有限公司) and Tianjin Tian'ang Expressway Co., Ltd. (天津天昂高速公司有限公司) from March 2005 to August 2008; and the chief accountant of Tianjin Tian'ang Expressway Co., Ltd. from August 2008 to March 2024. She has served as a member of the party committee of the Company since February 2024 and as the deputy general manager of the Company since March 2024.

Ms. Liu graduated from Tianjin University of Finance and Economics in July 1996 and obtained a bachelor's degree in economics (majoring in accounting), and obtained a master's degree in economics from Tianjin University of Finance and Economics in July 1999, majoring in international trade. Ms. Liu is a senior accountant.

Mr. Zhao Guangmin (趙廣民), aged 55, currently serves as the safety director of the Company.

Mr. Zhao served as the director of Dongping management centre of the Company from November 2007 to June 2017, the director of Changqing management centre of the Company from June 2017 to March 2020, and a director and general manager of Shandong Gangtong Construction Co., Ltd. (山東港通建設有限公司), a whollyowned subsidiary of the Company, from March 2020 to December 2021. Mr. Zhao has served as the safety director of the Company since January 2022.

Mr. Zhao holds a bachelor's degree in transportation engineering from Changsha University of Science and Technology, the Certificate of Registration of Constructor awarded by the Ministry of Housing and Urban-Rural Development of the PRC, and a senior engineer qualification awarded by the Shandong Provincial Department of Human Resources and Social Security.

### Profiles of Directors, Supervisors and Senior Management

### JOINT COMPANY SECRETARIES

Mr. Shi Wenjiang (時文江), currently serves as the joint company secretary of the Company, the head of the securities investment department of the Company and an executive director and general manager of Qilu Expressway Investment.

Mr. Shi joined the Company in July 2005 and served successively as a clerk of the operation department, a technician of the operation dispatch centre, a clerk and business assistant of operation management department, and a business assistant, business supervisor, deputy principal and principal of the office of the Board. Mr. Shi has served as a director of Shandong Gangtong Construction since May 2022, and has been the head of the securities investment department of the Company and an executive director and general manager of Qilu Expressway Investment since June 2022. He served as a joint company secretary of the Company since May 2023.

Mr. Shi obtained a bachelor of engineering degree in computer science and technology from Wuhan University of Technology in July 2005 and a master of engineering degree in computer technology from Shandong University in June 2012. In addition, Mr. Shi obtained the qualification as a senior engineer in March 2017.

Ms. Zhang Xiao (張瀟), currently serves as the joint company secretary of the Company and an assistant vice president of SWCS Corporate Services Group (Hong Kong) Limited, a professional service provider specializing in corporate services. She served as the joint company secretary of the Company since May 2023.

Ms. Zhang has over ten years of experience in the corporate secretarial field. Ms. Zhang has been admitted as an associate member of both The Hong Kong Chartered Governance Institute and The Chartered Governance Institute in the United Kingdom in 2019.

Ms. Zhang obtained a bachelor's degree in computer science from The Chinese University of Hong Kong in 2010, a master's degree in corporate governance from Hong Kong Metropolitan University in 2018 and a master's degree in accounting from Hong Kong Baptist University in 2024.

The Board hereby presents the report of the Board of Directors and the audited consolidated financial statements of the Group for the Year.

### PRINCIPAL BUSINESSES

The Company is principally engaged in Shandong Province, the PRC in (i) the construction, maintenance, operation and management of the Jihe Expressway, and is entitled to toll collection from vehicles passing through the Jihe Expressway for the period from 26 September 2004 to 25 September 2034. Subsidiaries of the Company are engaged in the business of outdoor advertising production and distribution along the Jihe Expressway; and (ii) the maintenance, operation and management of the Deshang and Shennan Expressways, and is entitled to toll collection from vehicles passing through the expressways, for the period, in respect of the Deshang Expressway (Liaocheng-Fan County section), from 24:00 on 31 December 2019 to 15 November 2040, and in respect of the Shennan Expressway, from 24:00 on 31 December 2019 to 27 September 2043.

On 17 December 2024, the Company received the Notice on Toll Standard for the Jinan-Heze R&E Section of the Jinang Expressway (Lu Jiao Cai [2024] No. 64) 《關於濟廣高速濟南至菏澤改擴建段通行費標準的通知》(魯交財[2024]64號)) issued by Shandong Provincial Department of Communications and Shandong Provincial Development and Reform Commission, which stated that due to the completion of the R&E Project, a new toll rate will be applied to the R&E section of the Jihe Expressway on a trial basis, effective from 20 December 2024 until 19 December 2026.

The Company's principal activities include construction engineering such as highway engineering construction, expressway maintenance and municipal greening; and sales of industrial products. The Group principally carried out business in Shandong Province, the PRC.

### FINANCIAL POSITION AND RESULTS

During the Year, the revenue from our operation was approximately RMB7,021,823,000, representing an increase of approximately 25.19% as compared to approximately RMB5,608,829,000 for the previous year. The cost and gross profit from our operation were approximately RMB6,281,233,000 and RMB740,590,000, respectively, as compared to those of approximately RMB4,796,845,000 and RMB811,984,000 for the previous year, respectively, representing an increase of approximately 30.94% and a decrease of approximately 8.79%, respectively. Net profit from operation amounted to RMB498,392,000, representing a decrease of approximately RMB35,511,000 or 6.65% as compared to that of 2023 (approximately RMB533,903,000).

The Group's earnings per Share from operation for the Year was RMB0.23, representing a decrease of 8% as compared to that of 2023 (RMB0.25).

### CLOSURES OF REGISTER OF MEMBERS

#### 2024 AGM

The 2024 AGM is scheduled to be held on Thursday, 26 June 2025. The register of members of the Company will be closed from Monday, 23 June 2025 to Thursday, 26 June 2025 (both days inclusive), during which no transfer of Shares will be registered. In order to qualify to attend the 2024 AGM, unregistered Shareholders should ensure that all transfer documents, accompanied by the relevant share certificates, are lodged with the Company's H share registrar, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong for registration, not later than 4:30 p.m. on Friday, 20 June 2025.

### Proposed Distribution of 2024 Final Dividend

The Board proposes a payment of a cash dividend of RMB0.1 (tax inclusive) per Share to all Shareholders in an aggregate amount of RMB200,000,000 (tax inclusive) as the 2024 Final Dividend for the year ended 31 December 2024. The proposal for such dividend payment is subject to consideration and approval by the Shareholders at the 2024 AGM, and, if approved, such dividend will be payable to the Shareholders whose names appeared on the register of members of the Company on Tuesday, 8 July 2025. Such dividend will be denominated and declared in Renminbi, will be paid to Shareholders holding H Shares of the Company through H Share "Full Circulation" in Renminbi, and will be paid to the other Shareholders in Hong Kong dollars. The exchange rate shall be the average middle rate for the five working days preceding the date of declaration of such dividend at the 2024 AGM (that is, Thursday, 26 June 2025) as announced by the People's Bank of China. The share register of the Company will be closed from Friday, 4 July 2025 to Tuesday, 8 July 2025 (both days inclusive), during which no transfer of Shares will be registered. In order to be entitled to the 2024 Final Dividend distribution, Shareholders who have not registered are required to deposit all transfer documents together with relevant share certificates at the H share registrar of the Company, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong by no later than 4:30 p.m. on Thursday, 3 July 2025.

The Board has scheduled to distribute the 2024 Final Dividend on Thursday, 29 August 2025. Announcement(s) will be published by the Company as soon as practicable and in accordance with the Listing Rules for any changes to the expected date of dividend payment.

### Tax on Dividends

According to the relevant provisions of the Law of the People's Republic of China on Enterprise Income Tax 《中華人民共和國企業所得税法》) which came into effect on 29 December 2018 and its implementation regulations, non-resident enterprises are enterprises which are set up in accordance with the law of a foreign country (region) and whose actual administrative institution is not in China, but which have institutions or establishments in China, or which have no such institutions or establishments but have income generated from inside China. According to the provisions of the Notice on the Issues Concerning Withholding the Enterprise Income Tax on the Dividends Paid by Chinese Resident Enterprises to Holders of H Shares Who Are Overseas Non-resident Enterprises (Guo Shui Han [2008] No. 897) (《關於中國居民企業向境外 H 股非居民企業股東派發股息代扣代繳企業所得稅有關問題的通知》(國稅函[2008]897號)) issued by the State Taxation Administration, a PRC resident enterprise, when distributing dividends for 2008 and for the years afterwards to holders of H Shares who are overseas non-resident enterprises, shall be subject to the enterprise income tax withheld at a uniform rate of 10%. Therefore, when distributing dividends to holders of H shares who are non-resident enterprise, the Company withhold the enterprise income tax at the uniform rate of 10% in accordance with the law.

In accordance with the Circular on Certain Issues Concerning the Policies of Individual Income Tax (Cai Shui Zi [1994] No. 020) (《關於個人所得税若干政策問題的通知》(財稅字[1994]020號)) promulgated by the Ministry of Finance and the State Administration of Taxation on 13 May 1994, overseas individuals are, temporarily, exempted from the PRC individual income tax for dividend or bonuses received from foreign invested enterprises. As the Company is a foreign-invested enterprise, the Company will not withhold and pay the individual income tax on behalf of individual shareholders when the Company distributes the dividends to overseas individual shareholders whose names appear on the register of members of H shares of the Company. In accordance with the provisions of the Individual Income Tax Law of the People's Republic of China 《中華人民共和國個人所得稅法》 (2018 Revised) which came into effect on 1 January 2019 and its implementation regulations, when distributing dividends to shareholders whose names appear on the register of members of H shares of the Company who are resident individuals ("Resident Individuals"), the Company shall withhold and pay the individual income tax at the rate of 20% on their behalf. Resident individuals refer to individual who have domiciles in China or who have no domicile but have resided in the PRC for a total of 183 days or more in a tax year.

If H Shareholders intend to change its shareholder status, please enquire about the relevant procedures with your agents or transferee agent. The Company will strictly comply with the law or the requirements of the relevant government authority to withhold and pay enterprise income tax and individual income tax on behalf of the relevant shareholders based on the register of members for H Shares as at the dividend registration date. The Company assumes no responsibility and will not entertain any claims arising from any failure to timely determine, or inaccurate determination of, the status of the Shareholders or any dispute over the arrangement of withholding and paying enterprise tax and individual income tax on behalf of such Shareholders. Shareholders should consult their tax advisers regarding the PRC, Hong Kong and other tax implications of owning and disposing of the H Shares.

If H Shareholders consider that the tax rate adopted by the Company for the withholding and payment of enterprise income tax or individual income tax on their behalf is not the same as the tax rate stipulated in relevant laws and regulations or any tax treaties between the PRC and the countries (regions) in which they are domiciled, please submit promptly to the H Share registrar of the Company, Computershare Hong Kong Investor Services Limited, on or before 4:30 p.m. on Thursday, 3 July 2025, a letter of entrustment and a legal opinion certifying that they are resident enterprise as stipulated in the Enterprise Income Tax Law of the People's Republic of China or all application materials showing that they are residents of a country (region) for individual H Shareholders which has entered into a tax treaty with the PRC. The Company will then submit the above documents to competent tax authorities for confirmation and proceed with the subsequent tax related arrangements.

### **DIVIDEND POLICY**

The Company may pay dividends by cash or by shares (or in combination of both). The proposal for dividend distribution will be formulated by our Board at their discretion and shall be subject to approval at the Shareholders' general meeting. In any circumstances, the Company will pay dividends out of net profit only after it has made the following allocations:

- cover accumulated losses, if any;
- allot to the statutory common reserve fund an amount equivalent to 10% of our net profit, as determined under PRC GAAP; and
- allot, if any, to a discretionary common reserve fund an amount approved by the Shareholders in a Shareholders' general meeting.

The minimum allocation to the statutory common reserve fund shall be 10% of our net profit according to the PRC GAAP. When the statutory common reserve fund reaches and is maintained at or above 50% of our registered capital, no further allocation to the statutory common reserve fund will be required. Any distributable profits that are not distributed in any given year will be retained and become available for distribution in subsequent years.

The Company expects to distribute dividends of approximately 60.0% to 70.0% of its annual distributable profits. Where there is significant investment or acquisition plans in such year, the Company will decrease its dividend payment ratio accordingly. However, there is no assurance that the Company will be able to distribute such dividends of such amount or any amount in each year or any year. The dividend policy of the Company in the future will be determined by the Board based on operating results, cash flow, financial position, business prospects, statutory and regulatory restrictions relating to dividend distribution of the Company and such other factors that the Board may consider relevant.

### FIXED ASSETS AND CONSTRUCTION-IN-PROGRESS

Details of the Group's fixed assets and construction-in-progress for the Year are set out in Note 13 to the financial statements in this report.

### UNDISTRIBUTED PROFITS AT THE END OF THE YEAR

Details of the undistributed profits of the Group for the Year are set out in the "Consolidated Statement of Changes in Equity" in this report. As at 31 December 2024, undistributed profits at the end of the Year distributable to Shareholders amounted to approximately RMB1,761,533,000.

### MAJOR CUSTOMERS AND SUPPLIERS

During the Year, revenue of the Group mainly derived from toll income collected from expressway users, all of them were individuals, they are relatively random and none of them were major customers. Therefore, given the nature of the Group's Expressway Business, there were no single customer who contributed more than 5% to the revenue or was otherwise material to our business during the Reporting Period, and accordingly, there was no major customer who was also a major supplier.

During the Year, the purchases made by the Group from the five largest suppliers of goods or services (i.e. its suppliers of non-capital goods) accounted for approximately 3% of its cost of sales, and the purchases made by the Group from the largest supplier of non-capital goods accounted for approximately 9% of its cost of sales. The purchases made by the Group from the five largest suppliers of equipment and construction services (i.e. its suppliers of capital goods) amounted to approximately RMB3,653,809,000, and the purchases made by the Group from the largest supplier of equipment and construction services amounted to approximately RMB982,132,000.

Therefore, during the Reporting Period, purchases from the Group's top five suppliers collectively accounted for less than 30% of the Group's cost of sales.

During the Year, none of the Directors, Supervisor or their respective associates or any Shareholders (who to the knowledge of the Directors, own more than 5% of the Company's equity interest) had any beneficial interest in the Group's five largest customers and five largest suppliers of capital or non-capital goods.

### ENVIRONMENTAL POLICY AND PERFORMANCE

For details of the environmental policy and performance of the Group during the Reporting Period, please refer to "Environmental, Social and Governance Report" published by the Company, which forms a part of this Report of the Board of Directors.

### COMPLIANCE WITH LAWS AND REGULATIONS

The Company understands the importance of complying with laws and regulations, and the failure in complying with such requirements may result in the termination of business licence. The Company has deployed systems and human resources to ensure compliance with rules and regulations on ongoing basis, and has maintained good working relationship with regulatory authorities through effective communication. During the year ended 31 December 2024, to the best knowledge of the Directors, the Company has complied with the Company Law of the People's Republic of China, the Securities Law of the People's Republic of China, the SFO, the Listing Rules, and other relevant laws and regulations.

### RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

For details of the Group's relationships with employees, customers and suppliers during the Reporting Period, please refer to "Environmental, Social and Governance Report" published by the Company, which forms a part of this Report of the Board of Directors.

### PROMINENT RISK FACTORS

Risk exposure of a company refers to the impact of future uncertainties on a company in achieving its business goals. The Company is mainly engaged in the construction, operation and management of expressways; construction engineering such as highway engineering construction, expressway maintenance and municipal greening; and sales of industrial products. We believe that the Company is primarily exposed to policy, market and management risks. The Company attaches great importance to the above risks by taking the initiative to identify, evaluate and respond to the risks arising in the course of operation and establishing and improving its systematic risk management mechanism.

### (1) Policy risk and countermeasures

In terms of toll collection, the Company derived its profit mainly from the operation of toll roads. Expressway companies do not have an independent pricing right of toll rates, and the determination and adjustments of toll rates of expressways under their control shall be reported to the competent transport authority and pricing authorities at the provincial level for review and approval. If there is any significant change in the operating environment, price level and operating costs and other factors, the Company may apply to the above authorities for adjustment to toll rates. However, there is no assurance that the application will be approved in a timely manner.

To counter policy risk, the Company, on the one hand, shall take the initiative to strengthen the communication and reporting with the competent government authorities, and strive to win support and understanding from the government and society; and, on the other hand, with the objective of nurturing and building our Company's core competitiveness, the Company will closely adapt to the market changes. Based on our solid foundation in highway operation, we will establish a strategic approach of "leading by principal business and industry-finance integration and two-wheel drive (主業引領、產融結合、雙輪驅動)". This approach will allow us to explore new way for new opportunities, cultivate innovative models, expand into relevant diversified industries, and drive the Company's transformation and upgrading efforts.

### (2) Changes in macroeconomic environment and countermeasures

The expressway industry is strongly sensitive to macroeconomic changes. Macroeconomic Fluctuations will directly influence the demand for road transportation, subsequently affecting the traffic volume on highways and the overall business performance of the Company.

We analyze and study relevant macroeconomic changes, and actively adjust our business strategies, striving to improve our ability to resist risks. At present, we are endeavouring to transform our development approach, optimize the industrial structure, and shift our growth drivers. We will expedite the transformation of our business model, intensify efforts in upgrading and transformation, and accelerate the shift from being a "road company" to a "capital operation company." We remain steadfast in our commitment to strengthening investments, optimising capital utilization, and expanding our asset base, while upholding the principles of high-quality and sustainable development.

### (3) Diversified travel patterns and changes in road network

With the rapid construction of the national railway network and pipeline transportation, the highway passenger transportation services were affected to a certain extent. In addition, the development of pipeline transportation will change the modes of transportation for oil and gas and other resources, which in turn will have an impact on cargo transportation on highways. On the other hand, road network diversions will bring negative impacts on the growth of the Company's toll income. Meanwhile, the overhaul of the roads surrounding our toll road projects, modification and extension of road network as well as the treatment works on the surrounding road and bridge projects will cause changes in traffic flow of the road network, which will in turn have an impact on the operating performance of the Company's expressway projects.

The Company will keep abreast of the road network planning and the construction status of projects in a timely manner, conduct specialised analysis on road network in advance, and make reasonable predictions on the impact of relevant projects on the traffic flow of the existing projects of the Company. The Company will make good use of its advantage in informatisation to carry out marketing activities for road sections while maintaining effective publicity and diversion to attract traffic flow. By pushing forward Traffic Attraction (引車上路), we focused on the "transportation and tourism integration" and continuously improved its marketing efforts and service level with a view to enhancing the competitiveness of the road sections operated by the Company in the road network.

### (4) Management risk and countermeasures

In the course of operation, the expressway is highly probable to incur serious damage on occurrence of floods, earthquakes and other unforeseeable natural disasters, which may result in the failure of the expressway to maintain normal operation for a period of time. Further, the expressway will be closed for a short period of time due to extreme weather. Major traffic incidents may cause traffic jams, weakened traffic capacity and damages to roads and bridges. These situations will directly lead to decreased toll income and increased maintenance costs, which will affect the operating results of the Company.

In light of the management risk, the Company has adopted and will continue to adopt the following precautionary and responsive measures: strengthening the preventive road maintenance and repair works, making reasonable arrangements for the construction and maintenance project implementation plans; purchasing high-quality road-related assets to secure stable and broaden the source of income; effectively playing the role in linkage coordination mechanism with the traffic police, road administration and other departments, as well as reinforcing road patrol system under bad weather conditions, so as to ensure smooth and safe traffic on its managed expressways.

In addition, our company is dedicated to implementing a transformative development strategy guided by the principles of strategic approach of "leading by principal business and industry-finance integration and two-wheel drive (主業引領、產融結合、雙輪驅動)". This strategy includes the following aspects: (i) Consolidating the advantages of our principal business in highway operation by expanding the scale of our main operations through asset injections from group companies and pursuing external market acquisitions: (ii) Maintaining strategic focus and continuously deepening our transformation efforts. We will identify new opportunities and entry points in the industry, fostering new business models and cultivating emerging growth drivers. Our aim is to enhance our secondary core business, creating internal synergies with highway operation; (iii) Leveraging information technology to drive innovation and progress, we will engage in technological breakthroughs, implementing low-carbon and environmentally friendly solutions. Our focus will be on nurturing and harnessing new productive forces. Additionally, we will prioritise empowering business development, improving management efficiency, reducing operational costs, and enhancing the customer experience across various dimensions. We will strategically target areas such as digital infrastructure and industrial digitalization to accelerate our digital transformation journey; and (iv) establishing an optimised human resources system to attract, motivate and nurture high-quality talents in road operation and management.

### (5) Environmental, social and governance risks and countermeasures

Climate change is materially affecting societies and economies around the world and therefore it also impacts upon the Group's business. In recent years, China has become increasingly concerned about the issue of climate change. In 2020, China clearly set the targets of "carbon dioxide peaking" by 2030 and "carbon neutralization" by 2060, advocating a green, environmentally friendly and low-carbon lifestyle. In order to achieve the dual carbon strategy, it is the trend of the China's economic development and green transformation to accelerate the pace of carbon emission reduction, guide green technology innovation and continuously promote the adjustment of industrial institutions and energy structure. This trend will inevitably lead to the introduction of relevant measures, which may bring about changes in laws, regulations or policies. As an expressway comprehensive services provider, the actual needs of the customers served by the Company are inextricably linked to the topic of energy. Changes in energy prices, the research and development and promotion of green energy, and the extent of construction of green energy supporting facilities along the expressway will have an impact on traffic travel and goods transportation, which in turn will have certain risks on the traffic flow and road tolls from the Company's expressway. In the long run, the potential impact of extreme events (e.g., floods, storms, pandemics), as well as the physical risks of climate-affected energy and water supplies, may pose a risk to the Company's assets such as infrastructure. At present, we are not aware of any specific current policy requirements related to the dual carbon strategy or trends in climate change that would pose an immediate or material risk to the Company's development.

Meanwhile, the Company has always been committed to providing safe, fast, economical and comfortable transport services to the general public, and effectively promoting regional integration and social and economic development, which is the primary social responsibility of the Company. While paying attention to economic efficiency, we also focus on the environmental and social impacts of our operations and the interests of our internal and external stakeholders, so as to achieve sustainable development by incorporating environmental, social and governance (ESG) concepts into every aspect of our business operations. In the future, the Company will continue to adhere to its goals of ecological priority and pursuing green development, and make continuous contributions to society.

#### CAPITAL COMMITMENTS

Details of the capital commitments of the Group during the Year are set out in Note 35 to the financial statements in this report.

### SUBSIDIARIES, JOINTLY CONTROLLED ENTITIES AND ASSOCIATES

Particulars are set out in Notes 1, 17 and 18 to the consolidated financial statements in this report.

#### **DONATIONS**

The charitable and other donations of the Group during the Year amounted to approximately RMB35 thousand.

### CONNECTED TRANSACTIONS

During the Reporting Period, Shandong Hi-Speed Group, through its subsidiary, Shandong Hi-Speed, indirectly holds approximately 38.93% of the issued shares of the Company, and therefore, Shandong Hi-Speed Group and Shandong Hi-Speed are controlling Shareholders of the Company as defined in the Listing Rules. As Shandong Hi-Speed Group and Shandong Hi-Speed hold more than 10% of the issued share capital of the Company, both of them are substantial shareholders of the Company as defined in the Listing Rules and are connected persons of the Company under the requirements of Chapter 14A of the Listing Rules. Therefore, all the Company's transactions with Shandong Hi-Speed Group (and its subsidiaries and associates) are connected transactions or continuing connected transactions of the Company as defined in Chapter 14A of the Listing Rules.

### Non-fully Exempted Continuing Connected Transactions

### (1) Jihe Expressway Land Lease Agreement

The Company and Qilu Transportation entered into the Jihe Expressway Land Lease Agreement on 12 December 2017, pursuant to which, Qilu Transportation agreed to lease to the Company the land use rights of the 29 parcels of land of the Jihe Expressway with an aggregate GFA of 10,181,936.30 sq.m. in nine districts and counties of Shandong Province (collectively the "Leased Lands") for a term commencing from 1 January 2017 until 25 September 2034 (i.e. the expiry date of the concession period) to ensure the Group's exclusive and unrestricted right to use the lands of the Jihe Expressway during the remaining term of the concession period and the smooth and stable operation thereof, which is in the interests of the Group and our Shareholders as a whole. In accordance with the Jihe Expressway Land Lease Agreement, the Company may use the Leased Lands from 1 January 2017 to the execution date of the Jihe Expressway Land Lease Agreement at nil cost. The total rent for the land use right of the Leased Lands from the execution date of the Jihe Expressway Land Lease Agreement to 25 September 2034 is RMB40.956 million. The Company shall pay RMB2.310 million to Qilu Transportation within 15 days from the date on which the Jihe Expressway Land Lease Agreement is executed and the rest of the rent shall be paid by the Company to Qilu Transportation in 17 instalments from 2018 to 2034. The Company shall pay RMB2.310 million to Qilu Transportation by 31 March of each of the years from 2018 to 2033 and shall pay RMB1.686 million to Qilu Transportation by 31 March 2034.

Subsequently on 26 November 2020, Shandong Hi-Speed Group, Qilu Transportation and the Company completed the execution of the Tripartite Agreements, confirming that Shandong Hi-Speed Group shall assume all contractual rights and obligations of Qilu Transportation under the Jihe Expressway Land Lease Agreement.

### Pricing policies:

The rent payable under the Jihe Expressway Land Lease Agreement was determined by both parties to the agreement through arm's length negotiation with reference to (i) the cost of application for the real estate right certificates of the lands of the Jihe Expressway by Qilu Transportation; (ii) the area leased, geographic location and condition of surrounding area, and the prevailing market rent in respect of the land parcels of the same or similar nature in the same region; and (iii) the estimated changes in the prevailing market rent in the future.

#### Annual caps:

According to the above pricing policies and based on the terms of the Jihe Expressway Land Lease Agreement, it is estimated that the maximum annual rental to be paid by the Company under the Jihe Expressway Land Lease Agreement for the year ended 31 December 2024 to the year ending 31 December 2034 (i.e. until 25 September 2034, being the expiry date of the concession period) shall not exceed the annual caps set out below:

Year	the year ending 31 December RMB million
2024	2.310
2025	2.310
2026	2.310
2027	2.310
2028	2.310
2029	2.310
2030	2.310
2031	2.310
2032	2.310
2033	2.310
2034 (until 25 September 2034, i.e. the expiry date of the concession period)	1.686

The amount payable to Shandong Hi-Speed Group in the sum of RMB2.310 million under the Jihe Expressway Land Lease Agreement for the year ended 31 December 2024 has been paid in February 2024.

### (2) Jihe Expressway Property Lease Agreement

The Company and Qilu Transportation entered into the Jihe Expressway Property Lease Agreement on 12 December 2017, pursuant to which Qilu Transportation agreed to lease 45 properties used as 7 management centres and 1 maintenance and emergency response centre with an aggregate GFA of 26,427.59 sq.m. (collectively, the "45 Leased Properties") to the Company. The lease term is approximately 17.4 years commencing from 1 May 2017 to 25 September 2034 (i.e. the expiry date of the concession period) to ensure that the Group has the exclusive and unrestricted right to use the 45 Leased Properties as offices and residence for the staff of the management centre and as the storage of maintenance and emergency during the remaining term of the concession period to ensure the smooth and stable operation thereof, which is in the interests of the Group and our Shareholders as a whole. In accordance with the Jihe Expressway Property Lease Agreement, the total rent payable during the lease term is RMB65.65 million. The Company shall pay RMB58.00 million to Qilu Transportation within 15 days from the date on which the Jihe Expressway Property Lease Agreement is executed and the rest of the rent shall be paid by the Company to Qilu Transportation in 17 equal instalments of RMB0.45 million each by 31 March from 2018 to 2034.

Subsequently on 26 November 2020, Shandong Hi-Speed Group, Qilu Transportation and the Company completed the execution of the Tripartite Agreements, confirming that Shandong Hi-Speed Group shall assume all contractual rights and obligations of Qilu Transportation under the Jihe Expressway Property Lease Agreement.

#### Pricing policies:

The rent payable under the Jihe Expressway Property Lease Agreement was determined by both parties to the agreement through arm's length negotiation with reference to (i) the area leased, geographic location and condition of surrounding area; (ii) the prevailing market rent in respect of the properties of the same or similar nature in the same region; (iii) the appraised value of such leased properties; and (iv) the estimated changes in the prevailing market rent in the future.

### Annual caps:

According to the above pricing policies and based upon the terms of the Jihe Expressway Property Lease Agreement, it is estimated that the maximum annual rental to be paid by the Company under the Jihe Expressway Property Lease Agreement for the year ended 31 December 2024 to the year ending 31 December 2034 (i.e. until 25 September 2034, being the expiry date of the concession period) shall not exceed the annual caps set out below:

Year	Annual caps for the year ending 31 December RMB
	TIIVID
2024	450,000
2025	450,000
2026	450,000
2027	450,000
2028	450,000
2029	450,000
2030	450,000
2031	450,000
2032	450,000
2033	450,000
2034 (until 25 September 2034, i.e. the expiry date of the concession period)	450,000

The amount payable to Shandong Hi-Speed Group in the sum of RMB450,000 under the Jihe Expressway Property Lease Agreement for the year ended 31 December 2024 has been paid in February 2024.

#### 2024-2026 General Services Framework Agreement (3)

On 23 November 2023, the Company entered into the 2024-2026 General Services Framework Agreement with Shandong Hi-Speed Group from 1 January 2024 to 31 December 2026. Pursuant to the 2024-2026 General Services Framework Agreement, Shandong Hi-Speed Group and its relevant subordinated entities will provide the Group with general highway business operation services, including the planning, renovation, engineering, survey and system design of highways and ancillary facilities; highway technology inspections, and regular and ad-hoc inspections of bridges and tunnels; repair and maintenance of highways and ancillary facilities; survey and analysis of road sections; research on treatment measures and techniques; projection of and research on traffic volume and toll amount; operational management of toll collection; project supervision; project contracting and supply of bulk materials; and other related or similar services.

#### Pricing policies:

The fees for various services under the 2024-2026 General Services Framework Agreement shall be determined on the basis of the following principles and sequences:

- (i) government-prescribed price: where the central or local government imposes price control on services, the fees for services shall be determined in accordance with the prescribed price published on the website of the relevant government authority or the authoritative price list;
- (ii) government-guided price: where a guided price standard imposed by the central or local government is available for services and such a guided price standard has been published on the website of the relevant government authority or via authoritative price list, the price of services shall be determined within the range of the government-guided price through negotiation; and
- (iii) market price: where the above two price standards are not available for services or the previous government-prescribed price or government-guided price is no longer applicable to such services, and such services do not fall within those subject to tender process pursuant to laws and regulations, the fee for the services shall be determined with reference to the market price and the general principle for pricing shall be fair and reasonable. If the services fall within those subject to tender process pursuant to laws and regulations or the party receiving the procurement must apply the bidding procedure according to its internal code, the price shall be determined by tender process. When the relevant project meets the required standards, the Company must conduct bidding to determine the counterparty of the transaction, and if Shandong Hi-Speed Group and its relevant subordinated entities win the bid, they must also satisfy the bid winning conditions.

For prices that shall be determined through mutual negotiation, both parties shall take into consideration the following key factors:

- (a) the prevailing market price charged by any third party selling a similar service in the region taking into account the quotation from other service suppliers providing the similar service and a minimum of two comparable transactions carried out with independent third parties during the same period; and
- (b) the lowest quotation in respect of the same or similar service sold by both parties and their relevant subordinated entities to any third party.

### Annual caps:

Pursuant to the terms and pricing policies of the 2024-2026 General Services Framework Agreement, the annual caps under the 2024-2026 General Services Framework Agreement of the Company for the three years ending 31 December 2026 shall be:

Year	Annual caps for the year ending 31 December (RMB'000)
2024	2,600,000
2025	600,000
2026	100,000

For the year ended 31 December 2024, the actual transaction amount under the 2024-2026 General Sales Framework Agreement was RMB2,515,032 thousand.

(4) 2024-2026 Financial Services Framework Agreement

On 23 November 2023, the Company entered into the 2024-2026 Financial Services Framework Agreement with Shandong Hi-Speed Group from 1 January 2024 to 31 December 2026. Pursuant to the 2024-2026 Financial Services Framework Agreement, Shandong Hi-Speed Group and its subsidiaries agreed to provide the Group with the following financial services:

- (i) deposit services, including but not limited to demand deposit, time deposit, call deposit and agreement deposit and other deposit types;
- (ii) other financial services, including bank acceptance notes, discounting of commercial bills, domestic letters of guarantees, letters of credit, online remittance, foreign exchange remittance, etc; and
- (iii) cross-border fund centralised operation and management services, that is, Shandong Hi-Speed Group agrees to provide the Group with cross-border fund centralised operation and management services as the lead enterprise without compensation, for the purpose of handling cross-border remittance-related matters such as the foreign debt and offshore lending, centralised collection and payment of recurring project funds and netting settlement.

#### Pricing policies:

Shandong Hi-Speed Group and its subsidiaries have undertaken to provide the above financial services to the Group in accordance with the following pricing policies:

- (1) Deposit services: the deposit interest rates applicable to the deposit services shall not be lower than any of the following: the interest rates offered by Shandong Hi-Speed Group's subordinated financial institutions to other members of Shandong Hi-Speed Group for the same type of deposits on the same conditions; and the interest rates offered by other commercial banks in the PRC to the Company and its subsidiaries for the same type of deposits;
- (2) Other financial services shall meet all of the following criteria:
  - (i) it shall not be higher than the standard interest rates as issued by the PBOC or the National Administration of Financial Regulation from time to time (if applicable);
  - (ii) it shall not be higher than or shall be equivalent to the interest or service fees charged by other commercial banks or other financial institutions in respect of the provision of similar services; and
  - (iii) it shall not be higher than the interest or service fees of similar services provided to other members of Shandong Hi-Speed Group; and
- (3) No service fee was charged by Shandong Hi-Speed Group for the provision of cross-border fund centralised operation and management services to the Group.

### Annual caps:

### (1) Deposit Services

Pursuant to the terms and pricing policies of the 2024-2026 Financial Services Framework Agreement, the annual caps for deposit services under the 2024-2026 Financial Services Framework Agreement of the Company for the three years ending 31 December 2026 shall be:

Year	Annual caps for the year ending 31 December
	(RMB'000)
2024	1,000,000
2025	1,000,000
2026	1,000,000

For the year ended 31 December 2024, the daily maximum deposit balance (including accrued interest) of the Group with Shandong High-speed Group and its subsidiaries under the 2024-2026 Financial Services Framework Agreement was RMB157,299 thousand.

#### (2) Other Financial Services

Pursuant to the terms and pricing policies of the 2024-2026 Financial Services Framework Agreement, the annual caps for other financial services under the 2024-2026 Financial Services Framework Agreement of the Company for the three years ending 31 December 2026 shall be:

	Annual caps for the year ending
Year	31 December
	(RMB'000)
2024	5,000
2025	5,000
2026	5,000

For the year ended 31 December 2024, the actual transaction amount of other financial services under the 2024-2026 Financial Services Framework Agreement was RMB0.4 thousand.

(3) Cross-border Fund Centralised Operation and Management Services

Pursuant to the terms and pricing policies of the 2024-2026 Financial Services Framework Agreement, the annual caps for cross-border fund centralised operation and management services under the 2024-2026 Financial Services Framework Agreement of the Company for the three years ending 31 December 2026 shall be:

Year	Annual caps for the year ending 31 December
	(RMB'000)
2024	140,000
2025	140,000
2026	140,000

For the year ended 31 December 2024, the daily maximum fund balance (including accrued interest) of cross-border centralised fund operation and management services under the 2024-2026 Financial Services Framework Agreement was RMB0.

#### (5) 2024-2026 Services Provision Framework Agreement

On 23 November 2023, the Company entered into the 2024-2026 Services Provision Framework Agreement with Shandong Hi-Speed Group from 1 January 2024 to 31 December 2026. Pursuant to the 2024-2026 Services Provision Framework Agreement, the Group provided or may provide services for Shandong Hi-Speed Group and its subordinated entities, including but not limited to: labour subcontracting, consulting services, lease services, warehousing and logistics services, installation services, trade services, agent construction services, import and export of goods, project management service and landscaping services, as well as all other services prescribed under the registered business scopes of Shandong Hi-Speed Group and its subordinated entities and as permitted by applicable laws.

### Pricing policies:

The pricing of each of the services provided under the 2024-2026 Services Provision Framework Agreement shall be determined in accordance with the following principles and sequences:

- (i) government-prescribed price: where the central or local government imposes price control on a particular service, the price of such service shall be determined in accordance with the prescribed price published on the website of the relevant government authority or the authoritative price list;
- (ii) government-guided price: where a guided price standard imposed by the central or local government is available for a particular service and such a guided price standard has been published on the website of the relevant government authority or via authoritative price list, the price of such service shall be determined within the range of the government-guided price through negotiation; and

(iii) market price: where the above two price standards are not available for a particular service or the previous government-prescribed price or government-guided price is no longer applicable to such service, and such service does not fall within those services subject to tender process pursuant to laws and regulations, the price of such service shall be determined with reference to the market price and the general principle for pricing shall be fair and reasonable. If the service falls within those services subject to tender process pursuant to laws and regulations or the party receiving the service must apply the bidding procedure according to its internal code, the price shall be determined by tender process.

For prices that shall be determined through mutual negotiation, both parties shall take into consideration the following key factors:

- (a) the prevailing market price charged by any third party providing a similar service in the region where the service is provided by one of the parties, the quotation from other service suppliers providing the same service and a minimum of two comparable transactions carried out with independent third parties during the same period; and
- (b) the lowest quotation in respect of the same or similar service sold by the parties and their relevant subordinate entities to any third party.

### Annual caps:

Pursuant to the terms and pricing policies of the 2024-2026 Services Provision Framework Agreement, the annual caps under the 2024-2026 Services Provision Framework Agreement of the Company for the three years ending 31 December 2026 shall be:

Year	Annual caps for the year ending 31 December
	(RMB'000)
2024	65,000
2025	120,000
2026	140,000

For the year ended 31 December 2024, the actual transaction amount of other financial services under the 2024-2026 Financial Services Framework Agreement was RMB63,287 thousand.

### (6) 2024-2026 General Procurement Framework Agreement

On 23 November 2023, the Company entered into the 2024-2026 General Procurement Framework Agreement with Shandong Hi-Speed Group from 1 January 2024 to 31 December 2026. Pursuant to the 2024-2026 General Procurement Framework Agreement, the goods procured by the Group from Shandong Hi-Speed Group and its subordinated entities include but not limited to steel reinforcement bars, strand, cement, geomaterials, asphalt, concrete and other building materials, construction equipment and their accessories, as well as all other items prescribed under the registered business scopes of Shandong Hi-Speed Group and its subordinated entities and as permitted by applicable laws.

### Pricing policies:

The pricing of each of the goods procured under the 2024-2026 General Procurement Framework Agreement shall be determined on the basis of the following principles and sequences:

- (i) government-prescribed price: where the central or local government imposes price control on a particular product, the price of such product shall be determined in accordance with the prescribed price published on the website of the relevant government authority or the authoritative price list;
- (ii) government-guided price: where a guided price standard imposed by the central or local government is available for a particular product and such a guided price standard has been published on the website of the relevant government authority or via authoritative price list, the price of such product shall be determined within the range of the government-guided price through negotiation; and

(iii) market price: where the above two price standards are not available for a particular product or the previous government-prescribed price or government-guided price is no longer applicable to such product, and such product does not fall within those subject to tender process pursuant to laws and regulations, the price of such product shall be determined with reference to the market price and the general principle for pricing shall be fair and reasonable. If the product falls within those subject to tender process pursuant to laws and regulations or the party receiving the procurement must apply the bidding procedure according to its internal code, the price shall be determined by tender process.

For prices that shall be determined through mutual negotiation, both parties shall take into consideration the following key factors:

- (a) the prevailing market price charged by any third party selling a similar product in the region taking into account the quotation from other product suppliers providing the similar product and a minimum of two comparable transactions carried out with independent third parties during the same period; and
- (b) the lowest quotation in respect of the same or similar product sold/procured by both parties and their relevant subordinated entities to any third party.

### Annual caps:

Pursuant to the terms and pricing policies of the 2024-2026 General Procurement Framework Agreement, the annual caps under the 2024-2026 General Procurement Framework Agreement of the Company for the three years ending 31 December 2026 shall be:

Year	Annual caps for the year ending 31 December
	(RMB'000)
2024	650,000
2025	55,000
2026	55,000

For the year ended 31 December 2024, the actual transaction amount under the 2024-2026 General Procurement Framework Agreement was RMB593,795 thousand.

### (7) 2024-2026 General Sales Framework Agreement

On 23 November 2023, the Company entered into the 2024-2026 General Sales Framework Agreement with Shandong Hi-Speed Group from 1 January 2024 to 31 December 2026. Pursuant to the 2024-2026 General Sales Framework Agreement, the goods sold by the Group to Shandong Hi-Speed Group and its subordinated entities primarily include but not limited to asphalt, asphalt mixture, cement, concrete and other building materials, construction equipment and their accessories, plants as well as other goods as permitted by laws and permitted to be sold by the Group under the Group's registered business scope.

#### Pricing policies:

The pricing of each of the goods provided under the 2024-2026 General Sales Framework Agreement shall be determined on the basis of the following principles and sequences:

- (i) government-prescribed price: where the central or local government imposes price control on a particular product, the price of such product shall be determined in accordance with the prescribed price published on the website of the relevant government authority or the authoritative price list;
- (ii) government-guided price: where a guided price standard imposed by the central or local government is available for a particular product and such a guided price standard has been published on the website of the relevant government authority or via authoritative price list, the price of such product shall be determined within the range of the government-guided price through negotiation; and

(iii) market price: where the above two price standards are not available for a particular product or the previous government-prescribed price or government-guided price is no longer applicable to such product, and such product does not fall within those subject to tender process pursuant to laws and regulations, the price of such product shall be determined with reference to the market price and the general principle for pricing shall be fair and reasonable. If the product falls within those subject to tender process pursuant to laws and regulations or the party receiving the procurement must apply the bidding procedure according to its internal code, the price shall be determined by tender process.

For prices that shall be determined through mutual negotiation, both parties shall take into consideration the following key factors:

- (a) the prevailing market price charged by any third party selling a similar product in the region taking into account the quotation from other product suppliers providing the similar product and a minimum of two comparable transactions carried out with independent third parties during the same period; and
- (b) the lowest quotation in respect of the same or similar product sold/procured by both parties and their relevant subordinated entities to any third party.

### Annual caps:

Pursuant to the terms and pricing policies of the 2024-2026 General Sales Framework Agreement, the annual caps under the 2024-2026 General Sales Framework Agreement of the Company for the three years ending 31 December 2026 shall be:

Year	Annual caps for the year ending 31 December (RMB'000)
2024 2025	700,000 150,000
2026	180,000

For the year ended 31 December 2024, the actual transaction amount under the 2024-2026 General Sales Framework Agreement was RMB353,035 thousand.

The Company's independent non-executive Directors have reviewed each of the aforementioned continuing connected transactions and confirmed that these transactions have been entered into:

- (1) in the ordinary and usual course of business of the Company;
- (2) on normal commercial terms, or, in the absence of similar transactions to judge whether the terms are normal commercial terms, on terms no less favourable to those under the transactions between the Company and independent third parties; and
- (3) in accordance with the terms of the relevant agreements governing the transactions and on terms that are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Ernst & Young, the Company's auditor, was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The Board confirmed that Ernst & Young has issued the unqualified letter containing its findings and conclusions in respect of the continuing connected transactions disclosed above by the Group in accordance with Rule 14A.56 of the Hong Kong Listing Rules. That is, nothing has come to the auditor's attention that causes it to believe that the continuing connected transactions: (1) have not been approved by the Board; (2) were not conducted in all material respects in accordance with the pricing policies of the Group where the transactions involve the provision of goods or services by the Group; (3) were not entered into, in all material respects, in accordance with the relevant agreements governing the transactions; and (4) have exceeded the caps.

The significant related party transactions set out in Note 36 to the consolidated financial statements (except for the income collection arrangement in relation to the toll income related trade receivables from the Shandong Transport Department) which also constitute connected transactions/continuing connected transactions under Chapter 14A of the Listing Rules are in compliance with the disclosure requirements under Chapter 14A of the Listing Rules.

Save as disclosed in this report, during the Reporting Period, none of the connected transactions or continuing connected transactions of the Company shall be disclosed pursuant to the provisions in respect of connected transaction disclosure requirements under Chapter 14A of the Listing Rules.

#### COMPLIANCE WITH THE NON-COMPETITION AGREEMENTS

The Company has entered into with each of Qilu Transportation and COSCO SHIPPING (Hong Kong), the Non-competition Agreement, under which each of Qilu Transportation and COSCO SHIPPING (Hong Kong), as our controlling Shareholder, has undertaken that, save for the existing business of Qilu Transportation and COSCO SHIPPING (Hong Kong) as at 12 December 2017, it would not, in any way, directly or indirectly, procure a third party to engage in or otherwise participate in, any business that competes, or is likely to compete with the existing and future business which is engaged in or intended to be engaged in by the Company and its subsidiaries according to our business development (the "Principal Businesses of the Company and its Subsidiaries").

The foregoing restrictions shall not apply to the following circumstances:

- (i) the acquisition or holding by Qilu Transportation or COSCO SHIPPING (Hong Kong) or its subsidiaries of non-convertible bonds of other listed companies or unlisted companies whose businesses compete or may compete with the Principal Businesses of the Company and its Subsidiaries, or convertible bond interests not exceeding 5.00% of their equity interests for investment purposes;
- (ii) according to the Non-competition Agreements, in the event that the Company decides not to take up the New Business Opportunity (as defined below), and Qilu Transportation or COSCO SHIPPING (Hong Kong) or their subsidiaries shall decide to take up the New Business Opportunity on its own;
- (iii) the engagement or participation by Qilu Transportation or COSCO SHIPPING (Hong Kong) in the investment, development, maintenance, operation and management of any expressways running within/ through Shandong Province of the PRC, the establishment and operation of the advertisement billboards along the expressways under its operation and/or management, and the operation of other businesses in relation to toll roads in accordance with specific written approvals or instructions from the competent provincial government authorities. However, Qilu Transportation or COSCO SHIPPING (Hong Kong) shall communicate with the Company before the issuance of such approval or instruction in order to minimise the impact of relevant projects on the Company. However, (i) if Qilu Transportation or COSCO SHIPPING (Hong Kong) has the autonomous right to select the execution entity of such projects covered by such approvals or instructions, such projects are still subject to the requirements under the Non-competition Agreements; or (ii) if the projects covered by such approvals and instructions cause actual competition with or bring impact to the Principal Businesses of the Company and its Subsidiaries, Qilu Transportation or COSCO SHIPPING (Hong Kong) and the Company shall use the best efforts to procure the competent government authorities to fully consider the relevant factors before issuing such approvals or instructions; and
- (iv) additional capital injection by Qilu Transportation or COSCO SHIPPING (Hong Kong) to their respective subsidiaries being involved in such businesses in accordance with the prevailing business development needs. However, if the additional capital will be used for business that competes or is likely to compete with the Principal Businesses of the Company and its Subsidiaries, such business shall still be subject to the Non-competition Agreements.

#### OPTIONS FOR NEW BUSINESS OPPORTUNITIES

Each of Qilu Transportation and COSCO SHIPPING (Hong Kong) has undertaken in the Non-Competition Agreements that during the term of the Non-Competition Agreements, if Qilu Transportation or COSCO SHIPPING (Hong Kong) or their respective subsidiaries become aware of any new business opportunity which will directly or indirectly compete or is likely to compete with the Principal Businesses of the Company and its Subsidiaries (the "New Business Opportunity"), Qilu Transportation or COSCO SHIPPING (Hong Kong) shall notify us in writing of the New Business Opportunity within ten working days after it becomes aware of the New Business Opportunity, and use its best efforts to procure the New Business Opportunity to us or our subsidiaries on fair and reasonable terms and conditions. Our Group is entitled to decide whether or not to take up such New Business Opportunity in writing within ten working days or within a time period as otherwise agreed by the parties from receiving the Offer Notice. If so, Qilu Transportation or COSCO SHIPPING (Hong Kong) or their respective subsidiaries must pass on the New Business Opportunity to us or our subsidiaries under the same terms and conditions.

#### OPTIONS FOR ACQUISITIONS

In relation to any New Business Opportunity referred to us by Qilu Transportation or COSCO SHIPPING (Hong Kong) or their subsidiaries under the Non-Competition Agreements, if we decide not to take up such New Business Opportunity, Qilu Transportation or COSCO SHIPPING (Hong Kong) or their subsidiaries may, subsequently take up such New Business Opportunity on its own.

### PRE-EMPTIVE RIGHTS

Each of Qilu Transportation and COSCO SHIPPING (Hong Kong) has undertaken that, during the term of the Non-Competition Agreements, if they or any of their respective subsidiaries intend to transfer, sell, lease, license or otherwise transfer or permit to use (i) businesses or assets in the existing businesses of Qilu Transportation or COSCO SHIPPING (Hong Kong) which are the same as or similar to the Principal Businesses of the Company; or (ii) the above new business to a third party, it shall notify the Company by a written notice in advance.

For more details of the Non-Competition Agreements, please refer to the section headed "Relationship with Our Controlling Shareholders" in the Prospectus.

# THE RIGHTS AND OBLIGATIONS OF SHANDONG HI-SPEED GROUP ASSUMED FROM QILU TRANSPORTATION TO THE GROUP UPON JOINT RESTRUCTURING

Shandong Hi-Speed Group and Qilu Transportation entered into the Merger Agreement on 23 September 2020, pursuant to which, all the assets, liabilities, business, employees, contracts and qualifications together with all other rights and obligations of Qilu Transportation, and the subordinating branch entities and equity interests or other interests in the subordinating companies held by Qilu Transportation were assumed by Shandong Hi – Speed Group upon completion of the Joint Restructuring by way of merger by absorption of Qilu Transportation by Shandong Hi-Speed Group.

Therefore, the previous contractual rights and obligations of Qilu Transportation under the sub-sections headed "COMPLIANCE WITH THE NON-COMPETITION AGREEMENTS", "OPTIONS FOR NEW BUSINESS OPPORTUNITIES", "OPTIONS FOR ACQUISITIONS" and "PRE EMPTIVE RIGHTS" in this section have been undertaken by Shandong Hi-Speed Group.

The Company has received confirmation notices issued by each of Shandong Hi-Speed Group and COSCO SHIPPING (Hong Kong), confirming that they have complied with the Non-Competition Agreements for the year ended 31 December 2024, and made disclosure in this report. The independent non-executive Directors have also reviewed the compliance with and execution of the Non-Competition Agreements by Shandong Hi-Speed Group and COSCO SHIPPING (Hong Kong) in accordance with such confirmation notices, and confirmed that they were not aware of any non-compliance of Shandong Hi-Speed Group and COSCO SHIPPING (Hong Kong) with the commitments made in the Non-Competition Agreements for the year ended 31 December 2024. For the year ended 31 December 2024, the Company has not been offered any New Business Opportunities.

### EMPLOYEES, REMUNERATION POLICY AND PENSION SCHEME

Staff costs of the Group during the year amounted to RMB230,855,000. The remuneration for the Group's employees includes basic salaries, bonuses and other staff benefits, such as social insurance, housing provident fund, corporate annuity, supplementary medical insurance and group life accident insurance coverage. In general, the Group determines the remuneration of our employees based on their performance, qualifications, positions and seniority within our Group. The Group also provides our employees with continuing education and regular on-the-job training based on their job duties. As stipulated by the laws and regulations in the PRC, the Group contributes to the state-sponsored retirement scheme for its employee in the PRC (i.e. pension insurance). The Group's employees make monthly contributions to the schemes at approximately 8% of the relevant income (comprising wages, salaries and bonuses), while the Group contributes 16% of the relevant income, subject to certain ceiling. The state-sponsored retirement schemes are responsible for the entire post-retirement benefit obligations payable to the retired employees. In addition, the Group also operates an additional employee pension plan (i.e. corporate annuity). All the employees are entitled to an additional pension each year aggregating to 10% of the previous year's salaries.

Contributions made from the Company to the above retirement schemes are recognized as expenses when incurred and will not be reduced by contributions forfeited by employees who leave the schemes prior to vesting fully in the contributions.

The Company offers the executive Directors, employee Supervisors and senior management, who are also employees of the Company, emolument in the form of salaries, performance bonus, corporate annuity and other benefits. The non-executive Directors, independent non-executive Directors and shareholder representative Supervisors receive emolument, if any, based on their respective duties and responsibilities (including being members or chairman of Board committees).

#### SHARE CAPITAL

As at 31 December 2024, the total issued shares of the Company amounted to RMB2,000,000,000, totaling 2,000,000,000 H Shares with a nominal value of RMB1.00 each.

Details of movements in the share capital of the Company during the year are set out in Note 30 to the financial statements in this report.

Reference is made to the announcement of the Company dated 1 February 2024 in relation to (among other things) the Company's receipt of notices from the Company's shareholders Shandong Hi-Speed Company Limited and Guoneng Power Technology & Engineering Co., Ltd. that they intended to convert 778,500,000 and 121,500,000 domestic unlisted shares held by them in the Company respectively (being 900,000,000 Domestic Unlisted Shares in aggregate, representing all the Domestic Unlisted Shares in the then total share capital of the Company) into the Company's overseas listed shares (that is, the H shares of the Company) for listing and circulation on the Stock Exchange (the "H Share Full Circulation"), and to authorise the Company to make the relevant applications (the "Conversion and Listing").

As of April 23, 2024, the CSRC has published a filing notice (the "Filing Notice") on its website in relation to the "Full Circulation" of the Domestic Unlisted Shares of the Company and confirmed the relevant information, and the filing application for the Conversion and Listing has been completed. Subsequently, the Company applied to the Listing Committee of the Stock Exchange for the approval of the listing of and permission to deal in 900,000,000 H Shares (the "Converted H Shares"). The listing approval in respect of the aforementioned shares was granted by the Stock Exchange on 6 May 2024.

The conversion of the Converted H Shares into H shares of the Company had been completed on 27 June 2024, and the listing of the Converted H Shares on the Stock Exchange commenced from 9:00 a.m. on 28 June 2024.

Shareholding structure of the Company before and after the completion of the Conversion and Listing (and up to the end of the Reporting Period) was as follows:

Class of Shares	Immediately before the Conversion	·	After the completion of the Conversion and Listing		
	Number of Shares	Approximate percentage	Number of Shares	Approximate percentage	
Domestic Unlisted Shares	900,000,000	45%	_	_	
H Shares	1,100,000,000	55%	2,000,000,000	100%	
Total	2,000,000,000	100%	2,000,000,000	100%	

For further details of the H Share Full Circulation and the Conversion and Listing, please refer to the announcements of the Company dated 1 February 2024, 23 April 2024, 7 May 2024 and 27 June 2024.

### PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Articles of Association and the laws of the PRC which would require the Company to offer new Shares to existing Shareholders in proportion to their shareholdings.

### SHARE OPTION SCHEME

The Company did not adopt any share option scheme.

### **EVENTS AFTER THE REPORTING PERIOD**

There is no significant subsequent event after the Reporting Period.

By order of the Board Wang Zhenjiang Chairman

Shandong, the People's Republic of China 26 March 2025

# Work Report of the Supervisory Committee

In 2024, members of the supervisory committee (hereinafter referred to as the "Supervisory Committee") of Qilu Expressway Company Limited (hereinafter referred to as the "Company") earnestly performed their duties of supervision and inspection in accordance with the duties conferred by the Company Law of the People's Republic of China (hereinafter referred to as the "Company Law"), the Securities Law of the People's Republic of China (hereinafter referred to as the "Securities Law"), the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and other domestic and overseas regulatory regulations and the articles of association of Qilu Expressway Company Limited (hereinafter referred to as the "Articles of Association") and in a responsible attitude to the Company and all Shareholders. The Supervisory Committee exercised its functions and powers in accordance with the law, independently, professionally and objectively, which effectively protected the rights and interests of Shareholders, benefits of the Company and the legitimate rights and interests of employees, and played a positive role in the standardized operation of the Company.

#### I. ATTENDANCE OF MEETINGS OF THE SUPERVISORY COMMITTEE IN 2024

During the Year, the Supervisory Committee held two meetings in total, and all resolutions were unanimously approved by all Supervisors. Details of the meetings are as follows:

- (1) The third meeting cum annual meeting of the third session of the Supervisory Committee was held on March 26, 2024, at which the Work Report of the Supervisory Committee for 2023, the Profit Distribution and Dividend Distribution Plan for 2023, the Final Financial Report for 2023, the Financial Budget Plan for 2024, the Evaluation Report on Internal Control for 2023, the Resolution on the Statement of the Management to the Auditor in relation to the Audit of the Company's 2023 Financial Statements, the Audited Financial Statements and the Auditor's Report of the Company for 2023, the Report on Related Party Transactions and Continuing Connected Transactions of the Company for 2023, and the 2023 Annual Report and ESG Report of the Company were considered;
- (2) The fourth meeting of the third session of the Supervisory Committee was held on 30 August 2024, at which the Resolution on Amendments to the Rules of Procedure for the Supervisory Committee and the Resolution on the Company's Reviewed Interim Financial Statements for 2024 were considered and approved; and
- (3) During the Year, the Supervisors attended two general meetings and four Board meetings. No objection was raised to the reports and proposals submitted by the Board to the general meeting for consideration after review.

# Work Report of the Supervisory Committee

# II. THE SUPERVISORY COMMITTEE'S VERIFICATION OPINIONS ON THE COMPANY'S RELEVANT MATTERS

### (1) Legal operation of the Company

During the Reporting Period, the Company carried out its business activities in accordance with the law, while its decision-making procedures complied with the relevant provisions of laws, regulations and the Articles of Association. The Company has a sound internal control system and a complete compliance system. The Company has conscientiously performed its production and operation functions and achieved satisfactory results by closely focusing on the relevant requirements of the resolutions of the Board and the general meeting, as well as the work objectives and tasks formulated at the beginning of the year. The Supervisory Committee is of the view that the Company's business activities are conducted in a standardised and orderly manner. Major decisions are made with reasonableness, and procedures adhere to legal and regulatory requirements. Operations are carried out in a standardised manner. There were no violations of laws and regulations.

# (2) Checking the Company's financial position and independent opinion on the annual report

During the Reporting Period, the Supervisory Committee carefully inspected and reviewed the financial report of the Company. The Supervisory Committee is of the view that the Company's existing financial system is sound, its internal control system is complete, and its financial operations are legal and compliant. The financial report of the Company can truly reflect the financial position and operating results of the Company. The financial report for the year was audited by an auditing firm. The audit report issued by the firm contains a standard unqualified opinion. The preparation and review procedures of the financial report comply with relevant laws, regulations, and regulatory requirements. The 2024 Annual Report prepared by the Company is complete and accurate and complies with the laws and regulations governing the industry.

### (3) Internal Control of the Company

The Supervisory Committee is of the view that the internal control system of the Company is complete, and the content and form of the evaluation report comply with the requirements of relevant laws, regulations and regulatory documents. During the evaluation period, the Company improved and revised some of the original rules and regulations. By comprehensively strengthening the management of financial budget, capital, assets, bidding, contracts, audit and supervision of key engineering projects, construction safety, information system and other aspects, the Company strived to achieve the objective of maximizing economic benefits and effectively safeguarded the interests of Shareholders. In accordance with the requirements of the corporate internal control standard system and relevant regulations, the Company maintained effective internal control in all material aspects and met the Company's internal control objectives. There were no major defects in respect of internal control.

# Work Report of the Supervisory Committee

### (4) Acquisitions and disposals of major assets and external investments

In 2024, the Supervisory Committee conducted supervision and verification in relation to the material disposals and acquisitions of assets and external investment of the Company during the Year. No instances of insider trading in relation to major asset acquisitions, disposals, investments, or other matters were identified. Furthermore, no cases were found that would be detrimental to the interests of the Company and Shareholders or result in the loss of the Company's assets. The Company did not have any material guarantees, litigations and external borrowings during the Year.

### (5) Supervision and verification on connected transactions

The Supervisory Committee conducted supervision and verification in relation to the connected transactions of the Company during the Year. The transactions between the Company and connected parties during the year were conducted in strict accordance with relevant regulations, which met the needs of the Company's business development, production and operation. The counterparties, transaction contents, transaction amounts, pricing principles and settlement methods of the daily connected transactions were all conducted in strict accordance with the relevant policies of the Company. No connected transactions were identified to be unfair and detrimental to the interests of the Company and its Shareholders.

#### (6) Evaluation on the behavior and performance of the Board and senior management

The Supervisory Committee is of the view that the Directors and senior management of the Company are able to operate business in accordance with the Company Law, the Articles of Association and the requirements of other applicable laws and regulations. The Directors and senior management of the Company have earnestly implemented the resolutions and policies made by Shareholders' general meeting and the Board, and faithfully fulfilled their duty of good faith. Upon supervision and verification, the Supervisory Committee believes that the Directors and senior management of the Company have diligently fulfilled their duties by making decisions through a democratic process and managing operations in a scientific manner with well-defined objectives. There were no instances of non-compliance with the Company Law, the Articles of Association, or other relevant laws and regulations. Furthermore, no actions were identified that would be detrimental to the rights or interests of the Company or its Shareholders.

By order of the Supervisory Committee Wang Shenan Chairman

Shandong, the People's Republic of China 26 March 2025

# **Independent Auditor's Report**

#### To the shareholders of Qilu Expressway Company Limited

(Incorporated in the People's Republic of China with limited liability)

#### **OPINION**

We have audited the consolidated financial statements of Qilu Expressway Company Limited (the "Company") and its subsidiaries (the "Group") set out on pages 118 to 232, which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

### **KEY AUDIT MATTERS (CONTINUED)**

#### Key audit matter

#### How our audit addressed the key audit matter

#### Amortisation of service concession arrangements

As stated in notes 2.4 and 16 to the consolidated financial statements, as at 31 December 2024, the net carrying amount of the service concession arrangements associated with toll roads was RMB16,368,422,000 and the amortisation amount of the service concession arrangements in 2024 was RMB182,941,000. The service concession arrangements associated with toll roads are amortised over the operating period of the toll roads according to the traffic volume method. Amortisation is provided on projected units-of-usage, which is calculated based on the total projected traffic volume during the operating period of each toll road and the carrying amount of the operating right associated with the toll road, combined with the actual traffic volume during each accounting period. The total projected traffic volume determined with reference to the forecast of the management for the total traffic volume during the operating period, which is a significant accounting estimate. Therefore, we identified the amortisation of service concession arrangements as a key audit matter of the consolidated financial statements.

Relevant disclosures are included in notes 2.4, 3 and 16 to the consolidated financial statements.

The following procedures were performed to address the identified key audit matter:

- We considered whether the amortisation methodology adopted by the Group represented the best expected future economic benefits of the Group;
- We evaluated the estimated projected total traffic volume of the expressways operated by the Group and assessed the reasonableness of these estimates;
- We recalculated the amortisation of service concession arrangements to check the amortisation disclosed in the consolidated financial statements,
- We assessed the adequacy of the related disclosures in the consolidated financial statements.

### OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Wong Kwok Yin.

Year ended 31 December 2024

### 1. CORPORATE AND GROUP INFORMATION

Qilu Expressway Company Limited (the "Company") was registered in the People's Republic of China (the "PRC") on 6 January 2004 as a limited liability company. On 6 December 2016, the Company was converted into a joint stock company with limited liability under the Company Law of the PRC. The address of the Company's registered office is Room 2301, Block 4, Zone 3, Hanyu Financial & Business Center, No. 7000, Jingshi East Road, High-tech Zone, Jinan City, Shandong Province, the PRC. The Company's shares were listed on the Main Board of the Stock Exchange of Hong Kong Limited ("HKEX") on 19 July 2018.

The Company and its subsidiaries (collectively referred to as the "Group") are principally engaged in the construction, maintenance, operation and management of Jihe Expressway, Deshang Expressway (Liaocheng – Fan County section) ("Deshang Expressway") and Shennan Expressway in the PRC and engaged in the sale of industrial products in Shandong Province.

Pursuant to a concession agreement (the "Concession Agreement") entered into between the Company and the Shandong Provincial Traffic Transport Department (山東省交通運輸廳) ("Shandong Transport Department") on 26 September 2004, the Company, which engages in the construction, maintenance, operation and management of Jihe Expressway in Shandong Province in the PRC, is entitled to toll collection from vehicles passing through Jihe Expressway for a period of 30 years, from 26 September 2004 to 25 September 2034. With the completion of the expansion and reconstruction of Jihe Expressway in 2024, the toll collection period had been extended by 25 years to 25 September 2049.

Pursuant to a transfer agreement (the "Transfer Agreement") entered into between the Company and Qilu Transportation Development Group Company Limited ("Qilu Transportation") on 2 June 2020, the Company acquired the toll collection rights of Deshang Expressway and Shennan Expressway from Qilu Transportation. The Company engages in the maintenance, operation and management of Deshang Expressway and Shennan Expressway in Shandong Province in the PRC, and is entitled to toll collection from vehicles passing through Deshang Expressway and Shennan Expressway from 1 January 2020 to 15 November 2040 and 27 September 2043 respectively.

Year ended 31 December 2024

### 1. CORPORATE AND GROUP INFORMATION (CONTINUED)

In the opinion of the directors, the ultimate holding company of the Company is Shandong Hi-Speed Group Company Limited ("Shandong Hi-Speed Group").

Shandong Hi-Speed Group was established in Jinan, Shandong Province, the PRC and is owned by the State-owned Assets Supervision and Administration Commission of the Shandong Provincial Government.

The Company's subsidiaries are as follows:

#### Information about subsidiaries

Name	Place of incorporation/ registration and business	Issued ordinary/ registered share capital	Percentage equity attribute to the Com	outable	Principal activities
			Direct	Indirect	
Shandong Shunguang Industrial Development Co., Ltd. * (山東舜廣實業發展有限公司) ("Shunguang Industrial")	PRC/ Mainland China	RMB100,000,000	100	-	Outdoor advertising production and distribution, and sale of materials for construction
Qilu Expressway (Hong Kong) Company Limited (齊魯高速(香港)有限公司) ("Qilu Hong Kong")	Hong Kong	HKD10,000,000	100	-	Construction, maintenance, and operation of expressways
Shandong Gangtong Construction Company Limited* (山東港通建設有限公司) ("Shandong Gangtong")	PRC/ Mainland China	RMB120,000,000	100	-	Construction contracting
Qilu Expressway (Shandong) Investment Management Company Limited* (齊魯高速(山東)投資管理有限公司) ("Qilu Expressway Investment")	PRC/ Mainland China	RMB500,000,000	100	-	Investment activity and management consulting
Qilu Expressway (Shangdong) Assembly Company Limited* (齊魯高速(山東)裝配有限公司) ("Qilu Assembly")	PRC/ Mainland China	RMB500,000,000	31	29	Sale of materials for construction

<sup>\*</sup> The English names of these entities represent the best effort made by the directors of the Company in translating the Chinese names as they do not have English names, and are for reference only. These entities are all registered as domestic limited liability companies under PRC law.

Year ended 31 December 2024

#### 2. ACCOUNTING POLICIES

### 2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for wealth management products and equity investments which have been measured at fair value. These financial statements are presented in Renminbi ("RMB") and all values are rounded to the nearest thousand (RMB'000) except when otherwise indicated.

As at 31 December 2024, the Group's current portion of interest-bearing bank and other borrowings amounted to RMB841,208,000, while its cash and cash equivalents amounted to RMB216,691,000 and its net current liabilities amounted to RMB2,789,814,000. The directors of the Company have given careful consideration to the Group's future liquidity requirements, operating performance and available sources of financing in assessing the Group's ability to operate as a going concern.

The directors of the Group are of the opinion that the Group will have sufficient working capital to finance its operations and meet its financial obligations as and when they fall due in the foreseeable future with the sufficient unused bank credit facilities. Accordingly, the directors believe it is appropriate to prepare the consolidated financial statements of the Group for the year ended 31 December 2024 on a going concern basis. Therefore, the consolidated financial statements do not include any adjustments to the amounts and classifications of assets and liabilities that might be necessary should the Group be unable to continue as a going concern.

#### Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the "Group") for the year ended 31 December 2024. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

Generally, there is a presumption that a majority of voting rights results in control. When the Company has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

(a) the contractual arrangement with the other vote holders of the investee;

Year ended 31 December 2024

### 2.1 BASIS OF PREPARATION (CONTINUED)

#### **Basis of consolidation (Continued)**

- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interest, even if this results in the non-controlling interest having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, any non-controlling interest and the exchange fluctuation reserve; and recognises the fair value of any investment retained and any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

Year ended 31 December 2024

#### 2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements.

Amendments to HKFRS 16 Lease Liability in a Sale and Leaseback

Amendments to HKAS 1 Classification of Liabilities as Current or Non-current

(the "2020 Amendments")

Amendments to HKAS 1 Non-current Liabilities with Covenants (the "2022 Amendments")

Amendments to HKAS 7 and Supplier Finance Arrangements

HKFRS 7

The nature and the impact of the new and revised HKFRSs that are applicable to the Group are described below:

- (a) Amendments to HKFRS 16 specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains. Since the Group has no sale and leaseback transactions with variable lease payments that do not depend on an index or a rate occurring from the date of initial application of HKFRS 16, the amendments did not have any impact on the financial position or performance of the Group.
- (b) The 2020 Amendments clarify the requirements for classifying liabilities as current or non-current, including what is meant by a right to defer settlement and that a right to defer must exist at the end of the reporting period. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement. The amendments also clarify that a liability can be settled in its own equity instruments, and that only if a conversion option in a convertible liability is itself accounted for as an equity instrument would the terms of a liability not impact its classification. The 2022 Amendments further clarify that, among covenants of a liability arising from a loan arrangement, only those with which an entity must comply on or before the reporting date affect the classification of that liability as current or non-current. Additional disclosures are required for non-current liabilities that are subject to the entity complying with future covenants within 12 months after the reporting period.

The Group has reassessed the terms and conditions of its liabilities as at 1 January 2023 and 2024 and concluded that the classification of its liabilities as current or non-current remained unchanged upon initial application of the amendments. Accordingly, the amendments did not have any impact on the financial position or performance of the Group.

(c) Amendments to HKAS 7 and HKFRS 7 clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. As the Group does not have supplier finance arrangements, the amendments did not have any impact on the Group's financial statements.

Year ended 31 December 2024

# 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements. The Group intends to apply these new and revised HKFRSs, if applicable, when they become effective.

HKFRS 18 HKFRS 19 Amendments to HKFRS 9 and HKFRS 7 Amendments to HKFRS 9

and HKFRS 7

Amendments to HKFRS 10 and HKAS 28 Amendments to HKAS 21

Annual Improvements to HKFRS
Accounting Standards – Volume 11

Presentation and Disclosure in Financial Statements<sup>3</sup> Subsidiaries without Public Accountability: Disclosures<sup>3</sup> Amendments to the Classification and Measurement of

Financial Instruments<sup>2</sup>

Contracts Referencing Nature-dependent Electricity and HKFRS 7 (Effective for annual periods beginning on or after 1 January 2026)

Sale or Contribution of Assets between an Investor and

its Associate or Joint Venture<sup>4</sup>

- <sup>2</sup> Effective for annual periods beginning on or after 1 January 2026
- <sup>3</sup> Effective for annual/reporting periods beginning on or after 1 January 2027
- <sup>4</sup> No mandatory effective date yet determined but available for adoption

Year ended 31 December 2024

# 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (CONTINUED)

Further information about those HKFRSs that are expected to be applicable to the Group is described below.

HKFRS 18 replaces HKAS 1 Presentation of Financial Statements. While a number of sections have been brought forward from HKAS 1 with limited changes, HKFRS 18 introduces new requirements for presentation within the statement of profit or loss and other comprehensive income, including specified totals and subtotals. Entities are required to classify all income and expenses within the statement of profit or loss and other comprehensive income into one of the five categories: operating, investing, financing, income taxes and discontinued operations and to present two new defined subtotals. It also requires disclosures about management-defined performance measures in a single note and introduces enhanced requirements on the grouping (aggregation and disaggregation) and the location of information in both the primary financial statements and the notes. Some requirements previously included in HKAS 1 are moved to HKAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, which is renamed as HKAS 8 Basis of Preparation of Financial Statements. As a consequence of the issuance of HKFRS 18, limited, but widely applicable, amendments are made to HKAS 7 Statement of Cash Flows, HKAS 33 Earnings per Share and HKAS 34 Interim Financial Reporting. In addition, there are minor consequential amendments to other HKFRSs. HKFRS 18 and the consequential amendments to other HKFRSs are effective for annual periods beginning on or after 1 January 2027 with earlier application permitted. Retrospective application is required. The Group is currently analysing the new requirements and assessing the impact of HKFRS 18 on the presentation and disclosure of the Group's financial statements.

HKFRS 19 allows eligible entities to elect to apply reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other HKFRSs. To be eligible, at the end of the reporting period, an entity must be a subsidiary as defined in HKFRS 10 *Consolidated Financial Statements*, cannot have public accountability and must have a parent (ultimate or intermediate) that prepares consolidated financial statements available for public use which comply with HKFRSs. Earlier application is permitted. As the Company is a listed company, it is not eligible to elect to apply HKFRS 19. Some of the Company's subsidiaries are considering the application of HKFRS 19 in their specified financial statements.

Amendments to HKFRS 9 and HKFRS 7 clarify the date on which a financial asset or financial liability is derecognised and introduce an accounting policy option to derecognise a financial liability that is settled through an electronic payment system before the settlement date if specified criteria are met. The amendments clarify how to assess the contractual cash flow characteristics of financial assets with environmental, social and governance and other similar contingent features. Moreover, the amendments clarify the requirements for classifying financial assets with non-recourse features and contractually linked instruments. The amendments also include additional disclosures for investments in equity instruments designated at fair value through other comprehensive income and financial instruments with contingent features. The amendments shall be applied retrospectively with an adjustment to opening retained profits (or other component of equity) at the initial application date. Prior periods are not required to be restated and can only be restated without the use of hindsight. Earlier application of either all the amendments at the same time or only the amendments related to the classification of financial assets is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

Year ended 31 December 2024

# 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (CONTINUED)

Amendments to HKFRS 10 and HKAS 28 address an inconsistency between the requirements in HKFRS 10 and in HKAS 28 in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss resulting from a downstream transaction when the sale or contribution of assets constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognises in the investor's profit or loss only to the extent of the unrelated investor's interest in that associate or joint venture. The amendments are to be applied prospectively. The previous mandatory effective date of amendments to HKFRS 10 and HKAS 28 was removed by the HKICPA. However, the amendments are available for adoption now.

Amendments to HKAS 21 specify how an entity shall assess whether a currency is exchangeable into another currency and how it shall estimate a spot exchange rate at a measurement date when exchangeability is lacking. The amendments require disclosures of information that enable users of financial statements to understand the impact of a currency not being exchangeable. Earlier application is permitted. When applying the amendments, an entity cannot restate comparative information. Any cumulative effect of initially applying the amendments shall be recognised as an adjustment to the opening balance of retained profits or to the cumulative amount of translation differences accumulated in a separate component of equity, where appropriate, at the date of initial application. The amendments are not expected to have any significant impact on the Group's financial statements.

Year ended 31 December 2024

### ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (CONTINUED)

Annual Improvements to HKFRS Accounting Standards - Volume 11 set out amendments to HKFRS 1, HKFRS 7 (and the accompanying Guidance on implementing HKFRS 7), HKFRS 9, HKFRS 10 and HKAS 7. Details of the amendments that are expected to be applicable to the Company are as follows:

- HKFRS 7 Financial Instruments: Disclosures: The amendments have updated certain wording in paragraph B38 of HKFRS 7 and paragraphs IG1, IG14 and IG20B of the Guidance on implementing HKFRS 7 for the purpose of simplification or achieving consistency with other paragraphs in the standard and/or with the concepts and terminology used in other standards. In addition, the amendments clarify that the Guidance on implementing HKFRS 7 does not necessarily illustrate all the requirements in the referenced paragraphs of HKFRS 7 nor does it create additional requirements. Earlier application is permitted. The amendments are not expected to have any significant impact on the Company's financial statements.
- HKFRS 9 Financial Instruments: The amendments clarify that when a lessee has determined that a lease liability has been extinguished in accordance with HKFRS 9, the lessee is required to apply paragraph 3.3.3 of HKFRS 9 and recognise any resulting gain or loss in profit or loss. In addition, the amendments have updated certain wording in paragraph 5.1.3 of HKFRS 9 and Appendix A of HKFRS 9 to remove potential confusion. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.
- HKFRS 10 Consolidated Financial Statements: The amendments clarify that the relationship described in paragraph B74 of HKFRS 10 is just one example of various relationships that might exist between the investor and other parties acting as de facto agents of the investor, which removes the inconsistency with the requirement in paragraph B73 of HKFRS 10. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.
- HKAS 7 Statement of Cash Flows: The amendments replace the term "cost method" with "at cost" in paragraph 37 of HKAS 7 following the prior deletion of the definition of "cost method". Earlier application is permitted. The amendments are not expected to have any impact on the Group's financial statements.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES

### Investment in an associate and a joint venture

An associate is an entity in which the Group has a long-term interest of generally not less than 20% of the equity voting rights and over which it has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investment, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in an associate and a joint venture are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses.

The Group's share of the post-acquisition results of the associates and joint ventures are included in the consolidated statement of profit or loss and other comprehensive income. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's investments in the associates or joint ventures, except where unrealised losses provide evidence of an impairment of the assets transferred.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other case, upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

When an investment in an associate or a joint venture is classified as held for sale, it is accounted for in accordance with HKFRS 5 Non-current Assets Held for Sale and Discontinued Operations.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Fair value measurement

The Group measures its financial assets at fair value through profit or loss at fair value at the end of the reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or paid to transfer a liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in these financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - based on valuation techniques for which the lowest level input that is significant to
the fair value measurement is observable, either directly or indirectly

Level 3 - based on valuation techniques for which the lowest level input that is significant to
the fair value measurement is unobservable

For assets and liabilities that are recognised in these financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, contract assets, deferred tax assets and properties investment), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

In testing a cash-generating unit for impairment, a portion of the carrying amount of a corporate asset (e.g., a headquarters building) is allocated to an individual cash-generating unit if it can be allocated on a reasonable and consistent basis or, otherwise, to the smallest group of cash-generating units.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such impairment loss is credited to profit or loss in the period in which it arises.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

### **Related parties**

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

### Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. When an item of property, plant and equipment is classified as held for sale or when it is part of a disposal group classified as held for sale, it is not depreciated and is accounted for in accordance with HKFRS 5. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The estimated useful lives used for this purpose are as follows as follows:

Buildings	5 to 40 years
Ancillary equipment	10 years
Machinery, expressway property and electronic equipment	3 to 20 years
Motor vehicles	4 to 8 years
Office and other equipment	3 to 13 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress is stated at cost less any impairment losses, and is not depreciated. It is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

### **Investment properties**

Investment properties are interests in buildings (including right-of-use assets) held to earn rental income and/or for capital appreciation. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and any impairment losses. Depreciation is calculated on the straight-line method to write off the cost of each investment property over its estimated useful life of 27 years.

A transfer should be made from property, plant and equipment to investment properties when owner-occupation ceases. A transfer should be made from investment properties to property, plant and equipment at the commencement of owner-occupation.

#### Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

#### Service concession arrangements

Service concession arrangements represent the rights to charge users of the public service that the Group obtained under the Concession Arrangement and the Transfer Agreement. The Group has entered into the Concession Arrangement and the Transfer Agreement with local government authorities (the "Grantor") and Qilu Transportation (absorbed by Shandong Hi-Speed Group) respectively for its participation in the construction, maintenance, operation and management of various toll road infrastructure. Under the Concession Arrangement, the Group carries out the construction or upgrade work of the toll road for the Grantor. Pursuant to the Transfer Agreement, the Group is responsible for the operation, maintenance and management of the toll roads. In return, the Group receives in exchange of the right to operate the toll roads concerned and entitlement to the toll collection from users of the toll roads services (the "Service Concessions"). The Group recorded the assets under the Service Concessions, including construction cost of toll roads and relevant various infrastructure on them, as "concession intangible assets" on the consolidated statement of financial position, to the extent that it received a right to charge users of the public service. Service concession arrangements are stated at cost, that is, the fair value of the consideration paid in exchange for the construction and upgrade services less accumulated amortisation and any impairment losses.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

### Intangible assets (other than goodwill) (Continued)

Service concession arrangements (Continued)

During the construction phase of the arrangement, the operator's contract asset (representing its accumulating right to be paid for providing construction services) is presented as an intangible asset.

Subsequent expenditures such as repairs and maintenance are charged to profit or loss in the period in which they are incurred. In situations where the recognition criteria are satisfied, the expenditures are capitalised as an additional cost of service concession arrangements.

The amortisation of concession intangible assets is calculated based on the share of traffic volume in a particular period over the projected total traffic volume throughout the remaining periods for which the Group is granted the right to operate those concession intangible assets.

Where the carrying amount of the concession intangible assets is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

The concession periods are approved by the Grantor therefore the Group does not have renewal or termination option for the concession periods granted. During the concession periods, the Group is required by the respective Concession Arrangements and Transfer Agreement to maintain the concession intangible assets in specific conditions. At the end of the concession period, the Group is required to return the concession intangible assets to the Grantor. The Group does not have rights to receive any assets at the end of the concession period.

#### Software

Software is stated at cost less any impairment losses and is amortised on the straight-line basis over its estimated useful life of 3 to 10 years.

#### Mining rights

Mining rights are amortised within economically recoverable reserves by the production method. Economically recoverable reserves are based on relevant mine standards estimated reserves estimate.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### (a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leasehold land 20 to 50 years Buildings 2 to 6 years

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

### Leases (Continued)

Group as a lessee (Continued)

#### (b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

Group as a lessor

When the Group acts as a lessor, it classifies at lease inception each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss and other comprehensive income due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases that transfer substantially all the risks and rewards incidental to ownership of an underlying assets to the lessee are accounted for as finance leases.

Year ended 31 December 2024

### MATERIAL ACCOUNTING POLICIES (CONTINUED)

### Investments and other financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, while financial assets classified and measured at fair value through other comprehensive income are held within a business model with the objective of both holding to collect contractual cash flows and selling. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

Purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

### Investments and other financial assets (Continued)

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

Year ended 31 December 2024

#### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### **Derecognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primary derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement in the asset. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

#### Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Year ended 31 December 2024

#### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Impairment of financial assets (Continued)

General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information. The Group considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Debt investments at fair value through other comprehensive income and financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables and contract assets which apply the simplified approach as detailed below.

- Stage 1 Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2 Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3 Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

Year ended 31 December 2024

#### MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Impairment of financial assets (Continued)

Simplified approach

For trade receivables and contract assets that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

#### Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as loans and borrowings, and payables.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade payables, other payables and interest-bearing bank and other borrowings and lease liabilities.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Financial liabilities at amortised cost (trade and other payables, and borrowings)

After initial recognition, trade and other payables, and interest-bearing bank and other borrowings are subsequently measured at amortised cost, using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in profit or loss.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in profit or loss.

#### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### Financial instruments classified as equity

Financial instruments issued by the Group are classified as equity instruments when all the following conditions have been met:

The financial instruments have no contractual obligation to pay cash or other financial assets to others, nor to exchange financial assets or liabilities with others under potential unfavourable circumstances;

The financial instruments will or may be settled in the Group's own equity instruments: if the financial instrument is non-derivative, it should not have the contractual obligation to be settled by the Group delivering a variable number of its own equity instruments; if the financial instrument is derivative, it should solely be settled by the Group delivering a fixed number of its own equity instruments in exchange for a fixed amount of cash or other financial assets.

Financial instruments classified as equity instruments are recognised initially at fair value, net of transaction costs incurred.

#### **Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis and comprises direct materials, direct labour, an appropriate proportion of overheads, purchase cost, processing cost and other cost. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

Year ended 31 December 2024

#### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash on hand and at banks, and short-term highly liquid deposits with a maturity of generally within three months that are readily convertible into known amounts of cash, subject to an insignificant risk of changes in value and held for the purpose of meeting short-term cash commitments.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and at banks, and short-term deposits as defined above, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

#### **Provisions**

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of profit or loss.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability
  in a transaction that is not a business combination and, at the time of the transaction, affects
  neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and
  deductible temporary differences; and
- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Year ended 31 December 2024

#### MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Income tax (Continued)

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Year ended 31 December 2024

#### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### **Government grants**

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, for which it is intended to compensate, are expensed.

#### Revenue recognition

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer with a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group with a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

Year ended 31 December 2024

#### MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Revenue recognition (Continued)

Revenue from contracts with customers (Continued)

Provision of road operation services (a)

> Revenue from the provision of road operation services is recognised when the vehicles pass through the expressway and the Group has received the payment or has the right to receive payment.

Provision of construction and upgrade services of expressways (b)

Revenue from construction and upgrade services provided under the Concession Arrangements is measured at fair value of the consideration paid or payable. The consideration represents the rights to attain an intangible asset. The revenue is recognised over time, using an input method to measure progress towards completion satisfaction of the service. The input method recognises revenue based on the proportion of the actual costs incurred relative to the estimated total costs for satisfaction of the construction services.

Provision of construction contracting services (C)

> Revenue from the provision of construction services is recognised over time, using an input method to measure progress towards complete satisfaction of the service, because the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced. The input method recognises revenue based on the proportion of the actual costs incurred relative to the estimated total costs for satisfaction of the construction services.

(d) Sale of industrial products

> Revenue from the sale of industrial products is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the industrial products. Some contracts for the sale of industrial products provide customers with rights of return and volume rebates, giving rise to variable consideration.

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### **Revenue recognition (Continued)**

Revenue from other sources

Rental income is recognised on a time proportion basis over the lease terms. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are incurred.

Other income

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

#### Contract assets

If the Group performs by transferring goods or services to a customer before being unconditionally entitled to the consideration under the contract terms, a contract asset is recognised for the earned consideration that is conditional, excluding service concession arrangements. Contract assets are subject to impairment assessment, details of which are included in the accounting policies for impairment of financial assets. They are reclassified to trade receivables when the right to the consideration becomes unconditional.

#### **Contract liabilities**

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

Year ended 31 December 2024

### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### **Employee benefits**

Defined contribution pension schemes

Each company of the Group contributes on a monthly basis to defined contribution pension schemes in the PRC based on a percentage of the relevant employee's monthly salaries. The Group's contributions to defined contributions pension schemes are charged to profit or loss as they become payable to the schemes. The Group has no legal or constructive obligations to pay further contributions even if the schemes do not hold sufficient assets to pay all employees the benefits relating to employee in the current and prior periods.

As stipulated by the laws and regulations in the PRC, the Group contributes to the state-sponsored retirement scheme for its employee in the PRC (i.e. pension insurance). The Group's employees make monthly contributions to the schemes at approximately 8% of the relevant income (comprising wages, salaries and bonuses), while the Group contributes 16% of such relevant income since May 2019, subject to certain ceiling.

In addition to the government-sponsored defined contribution pension scheme, the Group operates an additional employee pension scheme. All employees are entitled to an additional pension each year aggregating to 8% of the previous year's salaries.

#### Housing fund

According to the relevant rules and regulations of the Shandong Province, the Group and its employees are each required to make contributions, which are in proportion to the employees' salaries or wages of the prior year, to a housing fund. Contributions to a housing fund administered by the Public Accumulation Funds Administration Centre are charged to profit or loss as incurred.

#### **Borrowings costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

#### **Dividends**

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes to the financial statements.

Year ended 31 December 2024

#### 2.4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

#### Foreign currencies

These financial statements are presented in RMB, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of each reporting period. Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss, respectively).

#### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

#### **Judgements**

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

Year ended 31 December 2024

#### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

#### **Judgements (Continued)**

Classification between investment properties and owner-occupied properties

The Group determines whether a property qualifies as an investment property, and has developed criteria in making that judgement. Investment property is a property held to earn rentals or for capital appreciation or both. Therefore, the Group considers whether a property generates cash flows largely independently of the other assets held by the Group. Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the production or supply of goods or services or for administrative purposes. If these portions could be sold separately or leased out separately under a finance lease, the Group accounts for the portions separately. If the portions could not be sold separately, the property is an investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes. Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as an investment property.

#### **Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Measuring progress of construction and upgrade services provided

The Group recognises revenue from construction and upgrade services provided in accordance with HKFRS 15 Revenue from Contracts with Customers. The Group recognises construction and upgrade revenue on the basis of the costs incurred to satisfy the performance obligation relative to the total expected costs incurred to the satisfaction of that performance obligation of construction and upgrade service work, which requires estimation to be made by management. The total expected costs and the corresponding contract revenue are estimated by management.

Year ended 31 December 2024

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

#### **Estimation uncertainty (Continued)**

Provision for maintenance obligations

The Group has contractual obligations under the Concession Arrangements and the Transfer Agreement to maintain the toll road infrastructure to a specified performance of serviceability during the concession periods and at the end of the concession periods. These obligations to maintain or restore the infrastructure, except for upgrade services, are to be recognised and measured as a provision.

In determining such provision, management has estimated the expected costs to maintain and resurface the infrastructure to a specified performance of serviceability by reference to the evaluation performed by internal technicians.

The internal technicians, based on their factual findings on the physical condition of the toll road infrastructure as at the reporting period end, performed their evaluation according to the relevant government or industry specifications as set out in the standards issued by the regulator, to derive the proposed maintenance activities. Management has estimated the relevant maintenance and resurfacing costs according to the proposed maintenance activities, by reference to management's maintenance plan and the Group's historical costs incurred for similar activities.

Useful lives of items of property, plant and equipment

The Group's management determines the estimated useful lives for its property, plant and equipment. The estimation is based on the historical experience of the actual useful lives.

Management will revise the depreciation charges where useful lives are different to previously estimated, or it will write off or write down technically obsolete or non-strategic assets that have been abandoned or sold.

Amortisation of service concession arrangements

The amortisation of service concession arrangements is based on the share of traffic volume in a particular period over the total projected traffic volume throughout the service concession period. The projection of the total traffic volume involves significant management judgement and estimates, including the expected gross domestic product (the "GDP") growth rate and the impact of other road networks within the same area.

Management engaged independent professional traffic consultants to perform an estimation of the projected total traffic volume throughout the concession periods of the respective service concession arrangements. The Group reviewed it regularly with the actual traffic volume. If the projection was considered inappropriate, independent professional traffic studies would be performed. Appropriate adjustment would be made in the case of a material change in the projected total traffic volume.

Year ended 31 December 2024

#### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

#### **Estimation uncertainty (Continued)**

Deferred tax assets and income tax

The Group's management determines the deferred tax assets based on the enacted or substantially enacted tax rates and laws and the best knowledge of profit projections of the Group for the coming years during which the deferred tax assets are expected to be utilised. Management revisits the assumptions and profit projections at the end of the reporting period. If the final assumptions and profit were to be different from management's current estimates, the Group would account for the change prospectively.

There are certain transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current income tax and deferred income tax provisions in the year in which such determination is made.

Provision for expected credit losses on trade receivables and contract assets

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance).

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the manufacturing sector, the historical default rates are adjusted. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of a customer's actual default in the future. The information about the ECLs on the Group's trade receivables and contract assets is disclosed in note 19 and note 20 to the financial statements, respectively.

Year ended 31 December 2024

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

#### **Estimation uncertainty (Continued)**

Leases - Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in a lease, and therefore, it uses an incremental borrowing rate ("IBR") to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group "would have to pay", which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when it needs to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary's functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary's stand-alone credit rating).

Impairment of non-financial assets (other than goodwill)

The Group assesses whether there are any indicators of impairment for all non-financial assets (including the right-of-use assets) at the end of each reporting period. Indefinite life intangible assets are tested for impairment annually and at other times when such an indicator exists. Other non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. An impairment exists when the carrying value of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The calculation of the fair value less costs of disposal is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

Year ended 31 December 2024

#### 4. OPERATING SEGMENT INFORMATION

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing the performance of the operating segments, has been identified as the board of directors of the Company who makes strategic decisions. Management has determined the operating segments based on these reports.

The chief operating decision-maker reviews the performance of the Group as a whole. In addition, all of the Group's operations are located in mainland China. Accordingly, the Group has only one single reportable operating segment and no discrete operating segment financial information is available, other than the entity-wide disclosures.

#### **Geographical information**

All of the Group's external revenue is derived from customers based in mainland China, and all of the non-current assets of the Group are located in mainland China. Accordingly, no further geographical information is presented.

#### Information about major customers

During the years ended 31 December 2024 and 2023, no revenue (excluding revenue from construction and upgrade services) derived from a single customer accounted for 10% or more of the Group's total revenue.

Year ended 31 December 2024

## 5. REVENUE, OTHER INCOME AND GAINS

An analysis of revenue is as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Revenue from contracts with customers	7,020,098	5,606,528
Revenue from other sources	4 705	0.001
Rental income*	1,725	2,301
Total	7,021,823	5,608,829

#### Revenue from contracts with customers

Total	1,144,716	4,461,812	5,606,528

The following table shows the amounts of revenue recognised in the current reporting period that were included in the contract liabilities at the beginning of the reporting period and recognised from performance obligations satisfied in previous periods:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Construction and other business	2,780	137,967

Year ended 31 December 2024

### 5. REVENUE, OTHER INCOME AND GAINS (CONTINUED)

#### Revenue from contracts with customers (Continued)

#### (b) Performance obligations

Information about the Group's performance obligations is summarised below:

#### Expressway business

Revenue from the expressway business represents toll income and is recognised when the vehicles through the expressway and the Group receives the payment or has the right to receive payment.

#### Construction business

The performance obligation is satisfied over time as construction services are rendered when the Group's performance creates and enhances an asset that the customer controls where the construction and upgrade services are performed.

#### Sale of industrial products

Revenue from the sale of industrial products is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the industrial products or when customers pick up in the agreed location.

Year ended 31 December 2024

#### 5. REVENUE, OTHER INCOME AND GAINS (CONTINUED)

### 8. DIRECTORS' AND SUPERVISORS' REMUNERATION (CONTINUED)

#### Notes:

- (i) Mr. Xianghui Ma resigned as the non-executive director on 20 December 2024.
- (ii) Mr. Dalong Chen resigned as the non-executive director on 27 June 2023.
- (iii) Mr. Shaochen Wang resigned as the non-executive director on 27 June 2023.
- (iv) Mr. Cenyu Zhou resigned as the non-executive director on 27 June 2023.
- (v) Mr. Shun Wang resigned as the supervisor on 19 May 2023.
- (vi) Mr. Ruzhi Li resigned as the supervisor on 27 June 2023.
- (vii) Mr. Xuezhan Cheng resigned as the independent non-executive director on 27 June 2023.
- (viii) Ms. Xin Meng resigned as the supervisor on 27 June 2023.
- (ix) Mr. Ping Han resigned as the independent non-executive director on 27 June 2023.
- (x) Mr. Hua Li resigned as the independent non-executive director on 27 June 2023.

Year ended 31 December 2024

#### **FIVE HIGHEST PAID EMPLOYEES** 9.

The five highest paid employees during the year included three directors (2023: two directors), details of whose remuneration are set out in note 8 above. Details of the remuneration for the year of the remaining two (2023: three) highest paid employees who are neither a director nor supervisor of the Company are as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Salaries, allowances and benefits in kind	675	941
Performance related bonuses	1,665	2,282
Defined contribution pension schemes	241	355
Total	2,581	3,578

The number of non-director and non-supervisor highest paid employees whose remuneration fell within the following band is as follows:

	Number of employees		
	2024	2023	
HK\$1,000,001 to HK\$1,500,000	2	3	

No emoluments were paid by the Group to any of the above non-director or non-supervisor highest paid employees as an inducement to join or upon joining the Group or as compensation for loss of office.

Year ended 31 December 2024

### 10. INCOME TAX

No Hong Kong profits tax has been provided as no assessable profits were earned in or derived from Hong Kong during the year (2023: nil).

The provision for Mainland China current income tax was based on the statutory rate of 25% (2023: 25%) of the assessable profits during the year.

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Current - Mainland China		
Charge for the year	100,737	155,869
(Over)/under provision in prior years	(783)	1,655
Deferred (note 28)	58,923	22,164
Total tax charge for the year	158,877	179,688

A reconciliation of the tax expense applicable to profit before tax at the statutory tax rate for the jurisdiction where the operations of the Group are substantially based to the tax expense at the effective tax rate is as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Profit before tax	657,269	713,591
Tay at the statutony tay rate at 250/	164,317	178,398
Tax at the statutory tax rate at 25%  Effect of different tax rate of a subsidiary	(2,479)	547
Additional deduction for research and development expenditure	(2,779)	(537)
Income not subject to tax	(200)	(452)
Expenses not deductible for tax	381	353
Tax losses not recognised	335	256
Tax losses utilised from previous periods	_	(646)
Adjustments in respect of current tax of previous years	(783)	1,655
Others	85	114
Tax charge at the Group's effective tax rate	158,877	179,688

Year ended 31 December 2024

#### **DIVIDENDS** 11.

	2024	2023
	RMB'000	RMB'000
Proposed final dividend – RMB0.100		
(2023: RMB0.150) per ordinary share	200,000	300,000

The proposed final dividend for the year is subject to the approval of the Company's shareholders at the forthcoming annual general meeting.

#### 12. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT

The calculation of the basic earnings per share amount is based on the profit for the year attributable to ordinary equity holders of the parent, excluding interest of perpetual bonds, and the weighted average number of ordinary shares of 2,000,000,000 (2023: 2,000,000,000) in issue during the year.

The Group had no potentially dilutive ordinary shares in issue during the year ended 31 December 2024 (2023: nil).

Year ended 31 December 2024

Year ended 31 December 2024

### 13. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

As at 31 December 2024, the aggregate carrying value of the buildings without ownership certificates was RMB6,436,000 (2023: RMB6,953,000). In the opinion of the directors, the Group is entitled to lawfully and validly occupy and/or use the buildings for its daily operations, notwithstanding the fact that the related building ownership certificates have not yet been obtained.

During the year ended 31 December 2024, an impairment loss of RMB533,000 is recognised considering that the carrying amounts of assets exceed their recoverable amounts (2023: RMB12,633,000).

Year ended 31 December 2024

### 14. INVESTMENT PROPERTIES

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
At 1 January:		
Cost	25,469	25,469
Accumulated depreciation and impairment	(9,184)	(5,179)
Net carrying amount	16,285	20,290
Net of accumulated depreciation and impairment	16,285	20,290
Depreciation provided during the year	(858)	(943)
Impairment	_	(3,062)
At 31 December, net of accumulated depreciation		
and impairment	15,427	16,285
At 31 December:		
Cost	25,469	25,469
Accumulated depreciation and impairment	(10,042)	(9,184)
Net carrying amount	15,427	16,285
Fair value at the end of the year	15,883	16,918

The Group's investment properties consist of 15 (2023: 15) commercial properties in Mainland China. The fair value of the Group's investment properties as at 31 December 2024 of RMB15,883,000 (2023: RMB16,918,000) was estimated based on valuations performed by an external independent valuer.

The fair value measurements of the Group's investment properties are categorised within Level 3. The valuation techniques are the market approach and the discounted cash flow method and the significant inputs used in the fair value measurement are the estimated rental value, rent growth and discount rate.

The Group has determined that the current use of properties is the highest and best use at the measurement date.

Year ended 31 December 2024

#### 15. LEASES

#### The Group as a lessee

The Group has lease contracts for various items of land use rights and buildings used in its operations. Annual payments were made to acquire the leased land from the owners with lease periods of 20 to 25 years, and ongoing payments will be made under the terms of these land leases. Lump sum payments were made upfront to acquire the land use rights with lease periods of 40 to 50 years, and no ongoing payments will be made under the terms of these land use rights. Leases of buildings generally have lease terms between 2 and 6 years. The Group is restricted from assigning and subleasing the leased assets outside the Group.

#### (a) Right-of-use assets

The carrying amounts of the Group's right-of-use assets and the movements during the year are as follows:

	Leasehold land <i>RMB'000</i>	Buildings <i>RMB'000</i>	Total <i>RMB'000</i>
As at 31 December 2022 and			
1 January 2023	93,459	1,462	94,921
Additions	30,879	-	30,879
Depreciation charge	(4,249)	(709)	(4,958)
As at 31 December 2023 and			
1 January 2024	120,089	753	120,842
Additions	63,003	84	63,087
Depreciation charge	(6,037)	(651)	(6,688)
As at 31 December 2024	177,055	186	177,241

Year ended 31 December 2024

### 15. LEASES (CONTINUED)

### The Group as a lessee (Continued)

#### (b) Lease liabilities

The carrying amount of lease liabilities and the movements during the year are as follows:

	2024 RMB'000	2023 <i>RMB'000</i>
Carrying amount at 1 January	70,088	73,441
New lease	84	_
Accretion of interest recognised during the year	3,235	3,395
Payments	(6,573)	(6,748)
Carrying amount at 31 December	66,834	70,088
Analysed into:		
Current portion	2,823	2,903
Non-current portion	64,011	67,185

The maturity analysis of lease liabilities is disclosed in note 38 to the financial statements.

(c) The amounts recognised in profit or loss in relation to leases are as follows:

	2024 <i>RMB'000</i>	2023 RMB'000
Interest on lease liabilities	3,235	3,395
Depreciation charge of right-of-use assets	6,688	4,958
Total amount recognised in profit or loss	9,923	8,353

<sup>(</sup>d) The total cash outflow for leases is disclosed in note 32(c) to the financial statements.

Year ended 31 December 2024

### 15. LEASES (CONTINUED)

#### The Group as a lessor

The Group leases its investment properties (note 14) consisting of 15 (2023: 15) commercial properties in Mainland China and advertisement billboards and telecommunication cable pipes under operating lease arrangements. The terms of the leases generally require the tenants to provide for periodic rent adjustments according to the then prevailing market conditions. Rental income recognised by the Group during the year was RMB1,725,000 (2023: RMB2,301,000), details of which are included in note 5 to the financial statements.

At 31 December 2024, undiscounted lease payments receivable by the Group in future periods under non-cancellable operating leases with its tenants are as follows:

	2024 RMB'000	2023 <i>RMB'000</i>
Within one year	4,805	322
After one year but within two years	3,294	389
After two years but within three years	272	147
After three years but within four years	146	147
After four years but within five years	-	74
Total	8,517	1,079

Year ended 31 December 2024

### 16. INTANGIBLE ASSETS (CONTINUED)

The details of the toll roads, namely Jihe Expressway, Deshang Expressway and Shennan Expressway, under the Concession Arrangement and Transfer Agreement are disclosed in note 1.

The operating rights pertaining to Deshang Expressway and Shennan Expressway of the Group were pledged to secure a bank loan being granted to the Group (note 26). As at 31 December 2024, the net carrying amount of such operating rights was approximately RMB2,747,426,000 (2023: RMB2,857,070,000).

According to the bank loan agreement, the Group is obliged to pledge the operating rights pertaining to Jihe Expressway of the Group to secure bank loans being granted to the Group after the final acceptance by the government for the completion of the reconstruction work related to Jihe Expressway.

#### 17. INVESTMENT IN AN ASSOCIATE

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Share of net assets	24,256	23,455

The Group's other receivable, trade payable and other payable balance with the associate is disclosed in note 35 to the financial statements.

Particular of the Group's associate is as follows:

Name	Particulars of capital invested <i>RMB'000</i>	Place of registration and business	Percentage of ownership interest attributable to the Group	Principal activity
Jinan Xinyue New Road Material Research and Development Co., Ltd.	Subscribed capital of 20,000	PRC/ Mainland China	40	Material research and development

The Group's shareholdings in Jinan Xinyue New Road Material Research and Development Co., Ltd. ("Xinyue Material") is held through a wholly-owned subsidiary of the Company.

The financial year of the above associates is coterminous with that of the Group.

Xinyue Material is a strategic partner of the Group engaged in the research and development of materials used for road maintenance and construction and is accounted for using the equity method.

Year ended 31 December 2024

### 17. INVESTMENT IN AN ASSOCIATE (CONTINUED)

The following table illustrates the summarised financial information in respect of Xinyue Material adjusted for any differences in accounting policies and reconciled to the carrying amount in the consolidated financial statements:

	2024	2023
	RMB'000	RMB'000
	111111111111111111111111111111111111111	THVID GGG

	,	,
Profit for the year	2,003	4,519
Total comprehensive income for the year	2,003	4,519
Share of the associate's profit for the year	801	1,808

### 18. INVENTORIES

	2024 <i>RMB'000</i>	2023 RMB'000
Raw materials	17,876	25,508
Finished goods	8,051	18,686
Less: write-down of inventories to net realisable value	(218)	(446)
Net carrying amount	25,709	43,748

Year ended 31 December 2024

#### 19. TRADE AND BILLS RECEIVABLES

Trade and bills receivables are analysed by category as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Trade receivables	572,988	484,305
Impairment	(35,540)	(21,181)
Trade receivables, net	537,448	463,124
Bills receivable	4,663	28,792
Net carrying amount	542,111	491,916

Trade receivables mainly consist of receivables from construction contracting, sale of industrial products and toll road income receivables from the Shandong Transport Department for the uncollected expressway income as at the relevant year end.

For receivables from construction contracting, the payment terms of contract work receivables are stipulated in the relevant contracts. The Group's trading terms with its customers are mainly on credit. The credit period offered by the Group is three to six months or agreed-upon terms.

Trade receivables from sale of industrial products are expected to be settled within one month (2023: within one month).

Toll road income receivables from the Shandong Transport Department are expected to be settled within one month (2023: within one month).

The Group does not hold any collateral or other credit enhancements over these balances. Trade receivables from the sale of industrial products and toll road income are non-interest-bearing, and trade receivables from construction contracts are non-interest-bearing, except for certain construction receivable due from Pingyin County Transportation Bureau.

Year ended 31 December 2024

### TRADE AND BILLS RECEIVABLES (CONTINUED)

An ageing analysis of the trade receivables as at the end of the reporting period, based on the transaction date and net of loss allowance, is as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Within one year	427,321	360,118
One to two years	28,371	6,855
Two to three years	5,012	74,362
Over three years	76,744	21,789
Total	537,448	463,124

The movement in the loss allowance for impairment of trade receivables are as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
At beginning of year	21,181	14,928
Impairment losses, net (note 6)	14,359	6,253
At end of year	35,540	21,181

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days for groupings of various customer segments with similar loss patterns (i.e., by product type, and customer type and rating). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Year ended 31 December 2024

### 19. TRADE AND BILLS RECEIVABLES (CONTINUED)

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

As at 31 December 2024

	Within	1 to 2	2 to 3	Over	
	1 year	years	years	3 years	Total
Expected credit loss rate	2.46%	4.16%	15.28%	22.76%	6.20%
Gross carrying amount	438,111	29,602	5,916	99,359	572,988
Expected credit losses	10,790	1,231	904	22,615	35,540
As at 31 December 2023					
	Within	1 to 2	2 to 3	Over	
	1 year	years	years	3 years	Total
		,			
Expected credit loss rate	2.15%	9.55%	9.71%	17.21%	4.37%
Gross carrying amount	368,046	7,579	82,361	26,319	484,305
Expected credit losses	7,928	724	7,999	4,530	21,181

The Group's toll road income receivables were from Shandong Transport Department and there was no past due balance. Management keeps reviewing and assessing the creditworthiness of the Group's existing customer on an ongoing basis. No expected credit losses were provided as the directors consider that the expected credit risks of toll road income receivables are minimal.

Considering the creditworthiness of the customers and for the fact of having no past business dealing in relation with construction contracting and sale of industrial products, the Group measures expected credit losses of the construction contract receivables and sale of industrial products receivables by reference to the experiences of the same industry.

Year ended 31 December 2024

### 20. CONTRACT ASSETS

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Contract assets arising from:		
Construction and other business	90,553	291,007
Impairment	(1,168)	(9,698)
Net carrying amount	89,385	281,309

Contract assets arising from construction and other business are initially recognised for revenue earned from the sale of industrial products and construction services as the receipt of consideration is conditional on passing third party's on-site quality testing and construction, respectively. Included in contract assets for construction services are retention receivables. Upon passing third party's on-site quality testing and completion of construction, the amounts recognised as contract assets are reclassified to trade receivables. The decrease in contract assets in 2024 was the result of the settlement of construction business.

The expected timing of recovery or settlement for contract assets as at 31 December 2024 and 2023 are

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Within one year	71,983	222,838
After one year	18,570	68,169
Total contract assets	90,553	291,007

Year ended 31 December 2024

### 20. CONTRACT ASSETS (CONTINUED)

The movements in the loss allowance for impairment of contract assets are as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
		_
At beginning of year	9,698	3,045
(Reversal)/impairment loss, (note 6)	(8,530)	6,653
At end of year	1,168	9,698

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates for the measurement of the expected credit losses of the contract assets are based on those of the trade receivables as the contract assets and the trade receivables are from the same customer bases. The provision rates of contract assets are based on days past due of trade receivables for groupings of various customer segments with similar loss patterns (i.e., by customer type and rating). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Set out below is the information about the credit risk exposure on the Group's contract assets arising from construction and other business excluding retentions using a provision matrix:

	2024	2023
Expected credit loss rate	2%	3%
Gross carrying amount (RMB'000)	50,243	272,781
Expected credit losses (RMB'000)	1,168	9,698

Year ended 31 December 2024

### 21. PREPAYMENTS, OTHER RECEIVABLES AND OTHER ASSETS

	Notes	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Current portion			
Prepayment to suppliers		23,439	30,544
Deposits and other receivables		29,334	289,634

Total		935,614	1,469,021
The movements in provision/(reversal) for impairment	t of other receivables	are as follows:	
		2024	2023
		RMB'000	RMB'000
At beginning of year		147	230
Impairment/(reversal) loss, net (note 6)		194	(83)
At end of year		341	147

Year ended 31 December 2024

### 21. PREPAYMENTS, OTHER RECEIVABLES AND OTHER ASSETS (CONTINUED)

(a) Huamin Equity Investment Fund Management (Shenzhen) Co., Limited entered into an agreement with Qilu Expressway Investment (a wholly-owned subsidiary of the Group) on 19 May 2023, pursuant to which the Group invested RMB400,000,000 in a comprehensive development project of urban renewal of Zhili Street Area through Huamin Lucai (Weihai) Industry Investment Fund Partnership (Limited Partnership). The investment is accounted for as a debt investment with a fixed rate of return of 10% (inclusive of value-added tax) and the aggregate principal and interest as at 31 December 2024 amounted to RMB405,867,000, of which RMB405,867,000 will be recovered on maturity within one year.

Shandong Chuangrun Industrial Co., Ltd. and Qingdao Haike Holding Co., Ltd. entered into an agreement with Qilu Expressway Investment on 10 November 2023, pursuant to which the Group invested RMB280,000,000 in the renewal unit construction project of Qingdao Oceantec Valley marine information industry through Jinan Chuangrunda Investment Partnership (Limited Partnership). The investment is accounted for as a debt investment with a fixed rate of return of 9.5% (inclusive of value-added tax) and the aggregate principal and interest as at 31 December 2024 amounted to RMB246,586,000, of which RMB246,586,000 will be recovered on maturity within one year.

Huamin Equity Investment Fund Management (Shenzhen) Co., Limited entered into an agreement with Qilu Expressway Investment on 21 August 2024, pursuant to which the Group invested RMB100,000,000 in the Pingdu Water supply Pipeline project through Huamin Lucai (Weihai) Industry Investment Fund Partnership (Limited Partnership). The investment is accounted for as a debt investment with a fixed rate of return of 10% (inclusive of value-added tax) and the aggregate principal and interest as at 31 December 2024 amounted to RMB101,190,000, of which RMB31,190,000 will be recovered within one year.

The expected credit losses are estimated by applying a loss rate approach with reference to the historical loss record of the Group and are adjusted to reflect the current conditions and forecasts of future economic conditions, as appropriate. The loss rate applied as at 31 December 2024 was 0.01% (2023: 0.01%).

The credit quality of the financial assets included in financial assets at amortised cost, prepayments and other receivables is considered to be normal because they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk.

Year ended 31 December 2024

#### FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS 22.

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Structured bank deposits	_	200,796

The structured bank deposits were provided by banks in Mainland China. They were mandatorily classified as financial assets at fair value through profit or loss as their contractual cash flows are not solely payments of principal and interest.

### 23. CASH AND CASH EQUIVALENTS, RESTRICTED CASH AND TERM DEPOSITS

	2024 <i>RMB'000</i>	2023 RMB'000
Cash and bank balances	220,765	401,261
Time deposits	437,083	465,511
Subtotal	657,848	866,772
Less:		
Time-deposits	437,083	465,511
Restricted cash	4,074	2,304
Cash and cash equivalents	216,691	398,957

At the end of the reporting period, cash and bank balances were denominated in RMB and HKD.

The RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Time deposits are made for varying periods depending on the immediate cash requirements of the Group, and earn interest at the deposit rates of the respective periods. The bank balances are deposited with creditworthy banks with no recent history of default. The Group expects no significant credit risk associated and that there would not be any significant losses due to non-performance by these counterparties.

Restricted cash are deposits for issuing bank acceptance bills.

Year ended 31 December 2024

### 24. TRADE AND BILLS PAYABLES

An ageing analysis of trade payables as at the end of the reporting period, based on the transaction date, is as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
		_
Within one year	3,329,396	708,388
One to two years	11,919	27,838
Over two years	37,812	50,847
Total	3,379,127	787,073

Included in the trade and bills payables are amounts totalling RMB1,125,922,000 (2023: RMB265,035,000) due to the Group's related parties, which are repayable on credit terms similar to those offered by other similar suppliers of the Group. Further details of the purchases from these related parties are set out in note 35 to the financial statements.

Year ended 31 December 2024

### 25. OTHER PAYABLES AND ACCRUALS

	Notes	2024 RMB'000	2023 <i>RMB'000</i>
	Notes	HIVIB UUU	HIVID 000
Contract liabilities		341,239	2,780
Staff salaries and welfare		67,464	53,019
Deposits received	(a)	32,548	30,570
Payables for purchases of long-term assets	(a)	29,648	67,477
Other taxes and surcharge payables		26,463	13,034
Rent received in advance		5,942	6,453
Other payables and accruals	(a)	84,092	98,545
		587,396	271,878
Less: Non-current portion		17,352	19,172
Current portion		570,044	252,706

#### Notes:

<sup>(</sup>a) Other payables are non-interest-bearing and repayable based on credit periods which are granted by each individual supplier or contractor on a case-by-case basis and are set out in the respective contracts.

Year ended 31 December 2024

### 26. INTEREST-BEARING BANK AND OTHER BORROWINGS

### INTEREST-BEARING BANK AND OTHER BORROWINGS (CONTINUED)

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Analysed into:		
Bank loans repayable:		
Within one year	823,746	545,213
In the second year	365,937	935,714
In the third to fifth years, inclusive	668,891	1,003,506
Beyond five years	8,167,933	4,035,785
Subtotal	10,026,507	6,520,218
Other borrowings repayable:		
Within one year	17,462	477
In the second year	34,000	17,000
In the third to fifth years, inclusive	102,000	102,000
Beyond five years	428,820	462,820
Subtotal	582,282	582,297
Total	10,608,789	7,102,515

The Group's bank loan of approximately RMB924,256,000 (2023: RMB898,529,000) as at 31 December 2024 was secured by the operating rights of the Deshang Expressway and Shennan Expressway (note 16) with net carrying amount of approximately RMB2,747,426,000 (2023:RMB2,857,070,000).

Except the bank loans mentioned above, all interest-bearing bank borrowings were unsecured.

The Group's other loans are unsecured, bear interest at 2.60% (2023: 2.95%) per annum.

At the end of the reporting period, all interest-bearing bank and other borrowings were denominated in RMB.

At the end of the reporting period, all of the Group's borrowings were at floating interest rates.

The secured bank loan of RMB 460,762,000 is subject to a covenant that requires a debt-to-asset ratio of the Company greater than 85% for four consecutive quarters. The covenant is tested quarterly. The Group considers there is no indication that it will have difficulties in complying with this covenant.

Year ended 31 December 2024

Year ended 31 December 2024

### 28. DEFERRED TAX (CONTINUED)

#### **Deferred tax liabilities (Continued)**

For presentation purposes, certain deferred tax assets and liabilities have been offset in the consolidated statement of financial position. The following is an analysis of the deferred tax balances of the Group for reporting purposes:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Net deferred tax assets recognised in the consolidated statement of financial position	10,732	8,752
Net deferred tax liabilities recognised in the consolidated statement of financial position	145,203	84,300

The Group has tax losses arising in Hong Kong of RMB4,054,000 during 2024 (2023: RMB3,097,000) that are not expected to be utilised for offsetting against future taxable profits of the company in which the losses arose because the company still had no operation activities as at 31 December 2024.

The Group has no tax losses in Mainland China during 2024 (2023: RMB Nil).

Deferred tax assets have not been recognised in respect of these losses as it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

There is no income tax withholding attaching to the payment of dividends by the Company to its shareholders.

Year ended 31 December 2024

#### 29. SHARE CAPITAL

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Issued and fully paid	2,000,000	2,000,000
A summary of movements in the Company's share capital is as	s follows:	
	Number of	Share
	shares in issue	capital
	(Thousands)	RMB'000
At 1 January 2023, 31 December 2023,		
1 January 2024 and 31 December 2024	2,000,000	2,000,000

#### 30. OTHER EQUITY INSTRUMENTS

On 23 March 2022, Shandong International Trust Co., Ltd. agreed to invest no more than RMB2.5 billion of the perpetual bonds to be issued by the Company. As at 31 December 2024, the Company recorded the net amount of RMB1,988,066,000, with principal amount to RMB1,969,382,000 and undistributed profit allocated to holders amount of RMB18,684,000, after eliminated with the portion indirectly subscribed by a subsidiary amounting RMB173,755,000.

There is no maturity date for the perpetual bonds and the holders have no right to request a return of principal. Pursuant to the terms, the Company may elect to defer the distribution of interest, and is not subject to any restriction as to the number of times the distribution can be deferred. The initial interest rate of these perpetual bonds was 1.2% per annum, which will be reset once a year after six years from the issuance date.

The Company has the right to redeem the bonds if it has the unavoidable liability to pay additional taxes for the survival of bonds due to changes or amendments to laws, regulations or judicial interpretations of relevant laws and regulations. The Company has the right to redeem the bonds if the Company can no longer account the bonds as equity in its consolidated financial statements due to changes in the accounting standards of the enterprise or other laws and regulations. Except for the above two scenarios, the Company has no rights or obligations to redeem the bonds.

Year ended 31 December 2024

#### 31. OTHER RESERVES

Other reserves mainly represented statutory reserves. In accordance with the PRC Company Law and the articles of association of the PRC companies of the Group (the "PRC Companies"), the PRC Companies are required to allocate 10% of their profits attributable to the respective owners as set out in their statutory financial statements to the statutory reserves until such reserves reach 50% of the registered capital. The appropriation to the reserve must be accrued before any distribution of dividends to the respective owners of the PRC Companies. The statutory reserve can be used to offset previous year's losses, if any, and part of the statutory reserve can be capitalised as the share capital of the respective PRC Companies provided that the amount of such reserve remaining after the capitalisation shall not be less than 25% of the share capital of the respective PRC Companies.

### 32. NOTES TO THE CONSOLIDATED STATEMENT OF CASH FLOWS

Expressway and Shennan Expressway	-	50
Construction in process of Qilu Assembly	114,177	6,189
	344,831	6,647,823

#### 35. RELATED PARTY TRANSACTIONS

The shareholders of the Company are Shandong Hi-Speed, COSCO SHIPPING (Hong Kong) Co., Limited (中遠海運(香港)有限公司) and Guoneng Power Technology & Engineering Company Limited (國能電力技術工程有限公司), which hold approximately 38.93%, 30.00% and 6.08% of the equity interests in the Company respectively (2023: 38.93%, 30.00% and 6.08%), after the IPO of the Company's H shares. The Group is a state-owned enterprise controlled by the PRC government.

In accordance with HKAS 24 (Revised) *Related Party Disclosures*, government related entities (e.g. state-owned enterprises) and their subsidiaries directly or indirectly controlled, jointly controlled or significantly influenced by the PRC government are also defined as related parties of the Group. A portion of the Group's business activities is conducted with other government related entities in the PRC (primarily with respect to sales of finished products, purchases of finished products and maintenance services and transactions with state-owned banks). The Group believes that these transactions are carried out on terms that are similarly and consistently applied to all other customers or suppliers.

The Group operates in an economic environment currently predominated by entities directly or indirectly owned or controlled, jointly controlled or significantly influenced by the Chinese government ("state-controlled entities"). In addition, the Group itself is part of a larger group of companies under Shandong Hi-Speed Group Company Limited, ultimate holding company of the Company, which is controlled by the PRC government. Apart from the transactions with the parent company and its subsidiaries which have been disclosed in other notes to the consolidated financial statements, the Group also conducts business with other state-controlled entities during the ordinary course of its business.

The Group has certain borrowings and deposits with certain banks which are state-controlled entities in its ordinary course of business. The Group has also entered into various transactions, including other operating expenses with other state-controlled entities which individually and collectively were insignificant during the year.

The directors are of the view that the following companies are related parties that had material transactions or balances with the Group during the year.

Year ended 31 December 2024

Year ended 31 December 2024

#### 37. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Management has determined that the carrying amounts of cash and cash equivalents, restricted cash, time deposits, trade and bills receivables, financial assets included in prepayments and other receivables, other financial assets at amortised cost, trade and bills payables and financial liabilities included in the current portion of other payables and accruals based on their notional amounts, reasonably approximate to their fair values because these financial instruments are mostly short term in nature.

The Group purchases wealth management products issued by banks in Mainland China. The Group has estimated the fair value of the unlisted investments by using a discounted cash flow valuation model based on the market interest rates of instruments with similar terms and risks.

The fair values of the non-current portion of other receivables and other assets, interest-bearing bank and other borrowings and the non-current portion of other payables have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The fair values approximate to their carrying amounts.

Year ended 31 December 2024

### FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (CONTINUED)

#### Fair value hierarchy

The following tables illustrate the fair value measurement hierarchy of the Group's financial instruments:

Assets measured at fair value:

The Group did not have any financial assets measured at fair value as at 31 December 2024.

#### FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES 38.

The Group's principal financial instruments comprise interest-bearing bank and other borrowings, financial assets at fair value through profit or loss and cash and cash equivalents. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade and bills receivables and trade payables, which arise directly from its operations.

The main risks arising from the Group's financial instruments are foreign currency risk, credit risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

#### Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long term debt obligations with a floating interest rate.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Group's profit after tax (through the impact on floating rate borrowings) and the Group's equity.

	Increase/ (decrease) in basis points	(Decrease)/ increase in profit after tax RMB'000	(Decrease)/ increase in equity <i>RMB'000</i>
2024			
RMB	100	(73,427)	(73,427)
RMB	(100)	73,427	73,427
2023			
RMB	100	(41,359)	(41,359)
RMB	(100)	41,359	41,359

Year ended 31 December 2024

### 38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

#### Foreign currency risk

The Group principally operates in Mainland China and RMB is the currency of the primary economic environment in which the Group operates. However, upon the initial listing of H shares, proceeds from the IPO are in HKD. Foreign exchange risk arises from cash and cash equivalents denominated in a currency other than the functional currency of the Group.

The Group currently does not have a foreign currency hedging policy and manages its foreign currency risk by closely monitoring the movements of the foreign currency rates.

As of 31 December 2024, if HKD had strengthened/weakened by 10% against RMB with all other variables held constant, the Group's post-tax profit would have been approximately RMB86,000 higher/lower because of the cash and cash equivalents being denominated in HKD (2023: RMB68,000).

#### Credit risk

The Group's credit risk mainly arises from receivables. The carrying amounts of trade and other receivables represented the Group's maximum exposure in relation to financial assets.

Toll income from toll road operations is settled in cash and bank cards and is partially collected by the Shandong Transport Department on behalf of the Group. Since the toll income receivables are expected to be received within one month, the Company's management does not expect any loss from those receivables. Please refer to note 19 for details.

The Group trades only with recognised and creditworthy third parties for construction contracting. In addition, receivable balances are monitored on an ongoing basis.

Year ended 31 December 2024

#### 38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

#### Credit risk (Continued)

Except for the receivables as mentioned above, the Group does not have any significant concentration of credit risk exposure associated with a particular single counterparty or a particular group of counterparties having similar characteristics.

The carrying amount of financial assets recorded in the financial statements, grossed up for any allowances for losses, represents the Group's maximum exposure to credit risk without taking account of the value of any collateral obtained.

Maximum exposure and year-end staging

The tables below show the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 December.

The amounts presented are gross carrying amounts for financial assets.

#### As at 31 December 2024

	12-month ECLs	Lifetime ECLs

Total	1,893,845	_	_	484,305	2,378,150

<sup>\*</sup> For trade and bills receivables to which the Group applies the simplified approach for impairment, information based on the expected credit loss rate is disclosed in note 19 to the financial statements.

Further details about credit risks on trade and other receivables are disclosed in notes 19 and 20.

#### Liquidity risk

The liquidity risk of the Group is controlled by maintaining sufficient cash and cash equivalents.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of interest-bearing bank and other borrowings.

The liquidity of the Group is primarily dependent on its ability to maintain adequate cash flows from operations to meet its debt obligations as they fall due.

<sup>\*\*</sup> The credit quality of the financial assets included in prepayments and other receivables is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition.

Year ended 31 December 2024

#### FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED) 38.

### **Liquidity risk (Continued)**

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

Year ended 31 December 2024

### 38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

#### **Capital management**

The Group's objectives for managing capital are to safeguard the Group's ability to continue as a going concern to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital.

To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Similar to the others in the industry, the Group monitors capital using the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including "current and non-current borrowings" as shown in the consolidated statement of financial position) less cash and cash equivalents. Total capital is calculated as "equity" as shown in the consolidated statement of financial position plus net debt.

The gearing ratios as at the end of the reporting periods were as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
Interest-bearing bank and other borrowings (note 26)	10,608,789	7,102,515
Less: cash and cash equivalents (note 23)	(216,691)	(398,957)
		_
Net debt	10,392,098	6,703,558
Equity attributable to owners of the parent	6,083,759	5,924,955
Capital and net debt	16,475,857	12,628,513
Gearing ratio	63.07%	53.08%

### 39. EVENTS AFTER THE REPORTING PERIOD

No significant subsequent events have taken place after the end of reporting period.

Year ended 31 December 2024

#### STATEMENT OF FINANCIAL POSITION OF THE COMPANY 40.

Information about the statement of financial position of the Company at the end of the reporting period is as follows:

	2024 <i>RMB'000</i>	2023 <i>RMB'000</i>
